INTRODUCTION

The *Illinois Register* is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or peremptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1985, ch. 127, pars. 1001 et seq., as amended).

1) The Heading of the Part: Merit and Fitness

2) Code Citation: 80 Ill. Adm. Code 302

3) Section Numbers: 302.190 Amendment
302.200 Amendment
302.625 Amendment

4) Statutory Authority: Ill. Rev. Stat. 1987, ch. 127, pars. 63b101 et seq.

5) A Complete Description of the Subjects and Issues Involved:

These proposed amendments attempt to clarify the definition of continuous service under jurisdiction B of the Personnel Code for purposes of discipline. The proposed revision makes clear that there will be a break in service under jurisdiction B for employees who leave a jurisdiction B position to accept State employment in a position not subject to jurisdiction B. Thus, if the employee is discharged from the non-jurisdiction B position, the post discharge jurisdiction B procedures (e.g., appeal to the Civil Service Commission) would not apply. This clarifying change is consistent with the interpretation which has been given previously by the Department of existing Personnel Rules.

6) Will these proposed rules replace an emergency rule currently in effect? No

7) Does this rulemaking contain an automatic repeal date? Yes X No
If "yes," please specify the date:

8) Do these proposed rules contain incorporations by reference? No

9) Are there any other proposed amendments pending on this Part? Yes

- 4) Statutory Authority: Implementing Sections 4.1, 4.2, and 5, and authorized by Sections 4.1 and 6 of the Energy Assistance Act (Ill. Rev. Stat. 1987, ch. 111 2/3, pars. 1304.1, 1304.2, 1305, and 1306, as amended by P.A. 85-1431, effective January 9, 1989), and authorized by Section 10-101 of The Public Utilities Act (Ill. Rev. Stat. 1987, ch. 111 2/3, par. 10-101).
- 5) A Complete Description of the Subjects and Issues Involved:

On January 9, 1989, P.A. 85-1431 became effective, adding Sections 4.1 and 4.2 to the Energy Assistance Act ("Act") and amending Section 6 of the Act. The addition of Section 4.1 re-establishes the Illinois Residential Affordable Payment Program ("IRAPP") which had previously been authorized by Section 4 of the Act. Section 4 of the Act was repealed by operation of law on December 31, 1988. 83 Ill. Adm. Code 281, "Energy Assistance," contains the Commission's rules on IRAPP.

The amendment of the Act has necessitated revision of the rules implementing the Act. Section 4.1 requires the Commission to amend its rules, after hearing, within 6 months of the effective date of P.A. 85-1431. The major amendments are the addition of Section 281.30(d) implementing Section 4.1(b)(vi) of the Act incorporating by reference the Department of Public Aid's rules on the amounts of General Assistance grants made pursuant to Article 6 of the Illinois Public Aid code. The new subsection also treats the monthly income of customers not living in townships that are subject to the Public Aid rules.

The proposed amendments also add a reporting requirement to Exhibit D of Part 281. Section 4.1(g) of the Act requires each utility providing heating or electric service to provide the Commission with certain information concerning shortfall projections. Exhibit D will contain this information in new Section VI.

The proposed amendments also reflect the change in the repeal date, which has become the earlier of January 1, 1991, or the date upon which the Exxon funds are depleted. Other amendments reflect the changes in annual dates for the operation of the program and the deposit amount.

- 6) Will these proposed amendments replace an emergency amendment currently in effect? No.
- 7) Does this rulemaking contain an automatic repeal date? No.
- 8) Do these proposed amendments contain incorporations by reference? No.
- 9) Are there any other proposed amendments pending on this Part? No.
- 10) Statement of Statewide Policy Objectives: The proposed amendments neither create nor expand any state mandate on units of local government, school districts, or community college districts.
- 11) Time, Place, and Manner in which interested persons may comment on this proposed rulemaking:

Any person who plans to submit comments should file a notice of intent thereof, within 21 days of the date of this issue of the Illinois Register with:

Chief Clerk
Illinois Commerce Commission
527 East Capitol Avenue
Springfield, Illinois 62706

Comments should be filed with the Chief Clerk within 45 days of the date of this issue of the Illinois Register.

ILLINOIS COMMERCE COMMISSION (ICC) AGREEMENT FORM
ILLINOIS RESIDENTIAL AFFORDABLE PAYMENT PROGRAM (IRAPP)

I, the undersigned, understand and agree, that under this IRAPP Rule I will pay:

From ~~December~~ November 1 through April 30:

8% of my household's ~~tetai~~ monthly household income to the provider of my primary heat service and/or, 4% of my household's ~~tetai~~ monthly household income to the provider of my secondary utility service, plus any amount billed over my average residential usage

From May 1 through November ~~30~~ October 31:

My current bill or my monthly percentage amount, whichever is greater, plus 1/56 monthly of any deposit that is requested.

I also agree to abide by the IRAPP rules. I also understand that:

1. My monthly bill(s) will tell me how much I must pay. I must pay by the due date so that my service will not be shut off.
2. My monthly payment will not be covered by any IHEAP heating grant.
3. If I owe money to the utility after my IHEAP grant has been applied to my account, I must sign a Deferred Payment Agreement when I go on this program.
4. If I am dropped from the program because I didn't make a monthly payment, I can get back on the program by paying all amounts due under the program, but I can do this only twice during any twelve month period.
5. If my service is shut off, I can get it back on if I follow existing ICC rules covering reconnection. I will have only

90 days from the date I was shut off to be reconnected and go back on the program, but I can do this only one time during any twelve month period.

6. If I want to get off this program I must tell my utility(ies). If I later change my mind and want to get back on the program I must pay the greater of (a) all bills incurred while I was off the program or (b) the amount I would have been required to pay to avoid disconnection had I stayed on the program. I can do this only one time during any twelve month period.

7. I must apply for all energy assistance and weatherization programs available to me.

8. I must go back to the IHEAP office between November 1 and March 31 to recertify or I will be dropped from the program.

9. This agreement is effective as of my first billing period after the utility receives this agreement form.

10. I am the current customer of record of the following utilities who will receive copies of this agreement;

4) A "petition to investigate (but not to suspend)" shall be treated as a "rate complaint."

c) Identification of the Challenged Rate. A complaint must identify the challenged rate by reference to:

- 1) The name of the publishing carrier or agent;
- 2) The title and number of the tariff or schedule involved; and
- 3) The specific items or particular provisions complained of.

d) Filing and Service of Complaints and Replies.

- 1) Petitions which request investigation and suspension of a rate must be filed at least 20 5 calendar days before the effective date of the rate, subject to the following:

A) The effective date of the rate under protest (complaint) shall, unless otherwise ordered by the Commission, be automatically postponed for 30 calendar days by the proponent carrier by issuance of a postponement supplement. Failure to postpone will result in rejection by the Commission.

B) The postponement supplement title page shall show the following statement: "Issued on one (1) day's notice as authorized by 92 Ill. Adm. Code 1206.20(d)(1)(A)."

2) Replies

A) Replies to petitions for investigation and suspension of a rate must be filed and served at least 10 calendar days prior to the postponed effective date of the rate.

B) Replies to petitions for investigation (but not suspension) must be filed and served not later than the 15th calendar day after the petition for investigation was filed.

NOTICE OF PROPOSED AMENDMENTS

- 1) Heading of the Part: Educational Service Centers
- 2) Code Citation: 23 Ill. Adm. Code 500
- 3) Section Numbers: Proposed Action:
500.20 Amendment
500.50 Amendment
500.120 New Section
- 4) Statutory Authority: Ill. Rev. Stat. 1987, ch. 122, par. 2-3.62
- 5) A Complete Description of the Subjects and Issues Involved:

Language has been added to Sections 500.50 and 500.120 to describe the scope and content of Educational Service Centers' programs and services, as well as the standards the State Board will use in evaluating them. These additions were required by P.A. 85-416, as was the change which appears in Section 500.20 (Governance). Language in that Section includes a direct quote from Section 2-3.62(b) of The School Code, which was amended by the legislation, thus necessitating a comparable change in the rule.

- 6) Will this proposed rule replace an emergency rule currently in effect?
No
- 7) Does this rulemaking contain an automatic repeal date? Yes ☐ No ☒
- 8) Does this proposed amendment contain incorporations by reference? No
- 9) Are there any other proposed amendments pending on this Part? No
- 10) Statement of Statewide Policy Objectives: The amendments will not create or enlarge a State mandate.
- 11) Time, Place, and Manner in which interested persons may comment on this proposed rulemaking: Written comments may be submitted within 45 days of the publication of this notice to:

Ray Schaljo
Illinois State Board of Education

- 7) The method of determining a board member's initial term of office shall be established by each Center's Governing Board and shall be specified in each Center's bylaws.
- 8) The method for filling vacancies on the Governing Boards shall be determined by each Center's Governing Board and shall be specified in each Center's bylaws.
- 9) All meetings of the Centers' Governing Boards must comply with the Open Meetings Act (Ill. Rev. Stat. 1985 1987, ch. 102, par. 41 et seq.).

STATE BOARD OF EDUCATION

NOTICE OF PROPOSED AMENDMENTS

- b) Requirements for the Governance of Centers located within Cook County:

- 1) Cook County, which is the only non-class I county in Illinois, will be served by four Centers whose corresponding service areas shall be known as North Cook, West Cook, South Cook, and the City of Chicago School District #299.
- 2) The North Cook, West Cook and South Cook Centers shall each be governed by an eleven-member Governing Board which shall be appointed by a five-member selection committee comprised of district superintendents whose school district boundaries lie within the corresponding Center's service area. Each selection committee shall be elected at a meeting to be convened by the State Board of Education, whereby all district superintendents within an identified service area will be invited to attend, nominate and elect selection committee members. Nominations for selection committee members will come from the floor and only district superintendents shall be eligible nominees.
- 3) The members of the North Cook, West Cook, and South Cook Center Governing Boards shall include but shall not be limited to public school teachers, superintendents, a regional superintendent (or designee), school board members and a representative of higher education. The Regional Superintendent (or designee) of Cook County shall be a member on each of these three governing boards.
- 4) The City of Chicago School District #299 shall be served by a Center and shall be governed by an eleven-member board which shall be appointed by the City of Chicago School District #299 School Board.
- 5) The members of the City of Chicago School District #299 Center's Governing Board shall include but shall not be limited to public school teachers, subdistrict superintendents, and a representative of higher education.

Section 500.50 Programs and Services to be Provided

- a) The following programs and services shall be provided by each Educational Service Center. These programs will comprise a core of services common to all Centers, but they shall not limit the range of programs and services that may be offered by one or more

STATE BOARD OF EDUCATION

NOTICE OF PROPOSED AMENDMENTS

Centers. The existing Gifted Area Service Centers (Ill. Rev. Stat. 1985 1987, ch. 122, par. 14A-6) and Computer Consortia (Ill. Rev. Stat. 1985 1987, ch. 122, par. 2-3.43) will come under the direction and supervision of their corresponding Educational Service Center Governing Boards when those Boards become operational.

b) Required Services

- 1) Education of Gifted Children as specified in Section 2-3.62 (1) of The School Code: Each Center shall provide planning, implementation, and evaluation services to classroom teachers and administrators of programs for gifted children. In addition, each Center shall provide inservice training and staff development opportunities through institutes, workshops, or individual consultations with school district staff.
- 2) Computer Technology Education as specified in Section 2-3.62(2) of The School Code: Each Center shall provide planning, implementation, and evaluation services necessary for the establishment of programs designed to achieve computer literacy and high-tech competency. Center services must include, but need not be limited to, inservice training and staff development; use, application, and evaluation of software; technical assistance; and curriculum development.
- 3) Mathematics, Science, and Reading Services as specified in Section 2-3.62(3) of The School Code: Each Center shall provide planning, implementation, and evaluation services as they relate to the continuing education, inservice training, and staff development needs of teachers and administrators in the fields of mathematics, science, and reading. Activities shall include, but need not be limited to, assisting in needs assessment activities, providing workshops and inservice training sessions, providing technical assistance, convening study or assessment groups and acting as a clearinghouse for research materials in mathematics, science, and reading.
- 4) The Centers shall provide services to school districts to assist said districts in their efforts to comply with the provisions of Sections 2-3.63 and 2-3.64 (Student Learning Objectives and Assessment Systems) and Section 10-17a (Better Schools Accountability) of The School Code. Services must include, but need not be limited to, assisting districts in the development of a local plan, receiving district applications for funds to this program, forwarding a copy of

STATE BOARD OF EDUCATION

NOTICE OF PROPOSED AMENDMENTS

the district's application and a recommendation for action to the State Superintendent of Education, receiving funds from the State Superintendent of Education and disbursing said funds to school districts whose plans have been approved, and coordinating school district reporting of assessment results to the State Superintendent of Education.

- 5) The Educational Service Centers shall serve as the primary source for the delivery and coordination of the activities of the Illinois Administrators' Academy as established in Section 2-3.53 of The School Code. Among the duties performed by the Center shall be conducting regional needs assessments, scheduling and providing inservice training opportunities, acting as a clearinghouse for educational materials and research, and keeping accurate records of attendance at inservice training sessions provided under the sponsorship of the State Board of Education and/or the Center.

- 6) The Centers shall provide assistance and advice to local school districts in the development of Staff Development Plans required of school districts in Sections 2-3.59 and 2-3.60 (Staff Development) of The School Code. Activities shall include providing assistance in needs assessment and goal setting, review of all Staff Development Plans submitted by districts in the Center's service area and recommending action regarding each Plan to the State Superintendent of Education; development and submission to the State Superintendent of Education of a regional Staff Development Plan based on common components of local district plans; distribution of funds to local school districts to aid in conducting staff development programs based on approved plans; and the design of a system in which staff development opportunities are provided to school district personnel on a continuing basis.

- 7) The Centers shall participate in the development and operation of a statewide network designed to facilitate the electronic transmission of data from school districts to the State Board of Education. The primary purpose of this system will be the general reduction of local data burden.

- 8) Title II of Public Law 98-377, Education for Economic Security Act (20 U.S.C. 3961 et seq.), provides funds to strengthen the skills of teachers in mathematics, science, computer learning and foreign languages. These funds shall be used by the Centers, in addition to and in coordination with activities listed in Section 500.50(b)(3) above, to:

- A) provide inservice training opportunities for the purpose of upgrading teacher skills in the fields of mathematics, science, foreign languages and computer learning;

STATE BOARD OF EDUCATION

NOTICE OF PROPOSED AMENDMENTS

- B) act as a clearinghouse for instructional materials and information regarding equipment in these areas;
- C) coordinate and promote special projects for populations specified in Title II of Public Law 98-377, Education for Economic Security Act (20 U.S.C. 3961 et seq.); and to
- D) disseminate information relating to exemplary programs in the fields of mathematics, science, foreign languages and computer science.

- c) In addition to the above prescribed programs and services, each Educational Service Center shall, upon the written direction of the State Superintendent of Education, develop a plan for the inclusion of additional programs and services in one or more of the areas authorized by Section 2-3.62 of The School Code.

- d) The scope and specific content of the program of services, as well as the specific planning, implementation and evaluation services required in Section 500.50(b) and (c) shall be such that:

- 1) the services are designed to address school district needs identified through analysis of data derived from a needs assessment to be conducted annually by each Center;
- 2) the services are designed to address the topics enumerated in Section 500.50(b) and (c);
- 3) the services are delineated in the funding application, to be submitted as required in Section 500.90 of this Part, which identifies goals, objectives, enabling activities, timelines for implementation, budget, and the standards by which the completion of each objective will be evaluated by the Center;
- 4) the services are delivered by means of on-site consultations, meetings, workshops, conferences, or other efficient means; and
- 5) the costs for implementing each objective are incorporated into the Center budget pursuant to Section 500.90(g) of this Part.

Section 500.120 Program Evaluation Standards

The State Board of Education will annually evaluate programs that receive funds under this Part on the basis of the following standards.

STATE BOARD OF EDUCATION

NOTICE OF PROPOSED AMENDMENTS

- a) A review of Educational Service Center program records and operations reveals that the program complies with the provisions of Section 2-3.62 of The School Code and that it has been conducted in conformance with the provisions of the application approved by the State Superintendent of Education pursuant to Section 500.110 of this Part.
- b) Educational Service Center evaluation procedures conform to the requirements of Section 500.50(d)(3) of this Part; have determined the degree to which the Center has met its objectives; and demonstrate that provisions have been made to remove or alleviate problems identified as affecting the Center's ability to achieve its objectives.

SUBPART C: REQUIREMENTS APPLICABLE TO SUBAGREEMENTS OF GRANTEE

Section 661.302 Construction Contracts of Grantee

- This Section shall apply to construction contracts (subagreements) awarded by the grantee.
- The project work shall be performed under one or more contracts awarded by the grantee to private firms, except for force account work authorized by the Agency under Section 661.301(i).

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

- Each contract shall be either a fixed-price (lump sum) contract or fixed-rate (unit price) contract, or a combination of the two, unless the Agency gives advance written approval (based upon the Agency's professional judgment as defined in Section 661.102(b)) for the grantee to use some other acceptable type of contract (such as, but not limited to, per diem contracts as discussed under Section 661.303(b)(5)). The cost-plus-a percentage of cost type of contract shall not be used.

- For each construction contract to be awarded by the grantee, the grantee shall require a:
 - 1) Bid bond for 50% 5% of the bid price;
 - 2) Performance bond for 100% of the contract price; and
 - 3) Payment bond for 100% of the contract price.

The grantee must obtain written Agency approval prior to formal advertising. The Agency shall provide such approval if the grantee has complied with this Part and the conditions of the grant. Each contract shall be awarded after formal advertising, unless negotiation is permitted in accordance with Section 661.301(1). Formal advertising shall be in accordance with the following:

- 1) Adequate public notice

The applicant will cause adequate notice to be given of the solicitation by publication in newspapers or journals of general circulation statewide, inviting bids on the project work, and stating the method by which bidding documents may be obtained and examined. Where the estimated prospective cost of construction is ten million dollars or more, such notice must be published in trade journals of nationwide distribution. The applicant must in addition solicit bids directly from bidders, if it maintains a bidders list.

- 2) Adequate time for preparing bids

Not less than 30 days must be allowed between the date when public notice pursuant to subsection (e)(1) is first published and the date by which bids must be submitted. Bidding documents (including specifications and drawings) shall be available to prospective bidders from the date when such notice is first published.

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

3) Adequate bidding documents

Bidding documents (invitations for bid) shall be prepared by the grantee and shall be furnished upon request on a first-come, first-served basis. A complete set of bidding documents shall be maintained by the grantee and shall be available for inspection and copying by any party. Such bidding documents shall include:

- A) A complete statement of the work to be performed, including necessary drawings and specifications, and a completion schedule. Drawings and specifications may be made available for inspection instead of being furnished;
- B) The terms and conditions of the contract to be awarded;
- C) A clear explanation of the method of bidding and the method of evaluation of bid prices, and the basis and method for award of the contract;
- D) A copy of all the general conditions, special conditions, assurances, agreements, and terms of the grant;
- E) Responsibility requirements or criteria which will be employed in evaluating bidders; provided, that an experience requirement may not be utilized unless justified under the Section 661.301(h)(4);
- F) The following statement:

"Any contract awarded under this Invitation for Bids is expected to be funded in part by a grant from the State of Illinois. Neither the State of Illinois nor any of its departments, agencies or employees is or will be a party to this Invitation for Bids or any resulting contract.";
- G) A copy of subsection (e)(3)(H) shall be in the proposal form to be used by bidders and shall constitute a representation and certification to be considered part of the bid. The grantee shall not award any contract to a bidder who has deleted or modified the language contained in subsection (e)(3)(H) as set forth in the proposal form;
- H) By submission of the bid, each bidder certifies, and in the case of a joint bid each party thereto certifies as to his own organization, that in connection with the bid:

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

- i) The prices in the bid have been arrived at independently, without consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
 - ii) Unless otherwise required by law, the prices which have been quoted in the bid have not knowingly been disclosed by the bidder, prior to opening, directly or indirectly to any other bidder or to any competitor; and
 - iii) No attempt has been made or will be made by the bidder to induce any other person or firm to submit or not to submit a bid for the purpose of restricting competition; and
- I) Each person signing the bid shall certify that:
- i) He is the person in the bidder's organization responsible within that organization for the decision as to the prices being bid and that he has not participated, and will not participate, in any action contrary to subsection (e)(3)(H); or
 - ii) He is not the person in the bidder's organization responsible within that organization for the decision as to the prices being bid, but that he has been authorized to act as agent for the persons responsible for such decision in certifying that such persons have not participated, and will not participate, in any action contrary to subsection (e)(3)(H), and as their agent shall so certify; and shall also certify that he has not participated, and will not participate, in any action contrary to subsection (e)(3)(H).

4) Sealed Bids

The grantee shall provide for bidding by sealed bid and for the safeguarding of bids received until public opening.

5) Amendments to bidding documents

If the grantee desires to amend any part of the bidding documents (including drawings and specifications) during the period when bids are being prepared, the amendments shall be communicated in writing to all firms who have obtained bidding

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

documents in time to be considered prior to the bid opening time. The period for submission of bids shall be extended when necessary to assure fair and open competition.

6) Bid modifications

A firm which has submitted a bid shall be allowed to modify or withdraw its bid prior to the time of bid opening.

7) Public opening of bids

The grantee shall provide for a public opening of bids at the place, date and time announced in the bidding documents.

8) Award to the low responsive, responsible bidder.

A) After bids are opened, they shall be evaluated by the grantee in accordance with the methods and criteria set forth in the bidding documents.

B) The grantee may reserve the right to reject all bids. Unless all bids are rejected, award shall be made to the low, responsive, responsible bidder after the bid evaluation has been submitted to the Agency and written notice of Agency approval has been received by the grantee. The Agency's approval shall be based upon a review of the bidding documents, and the grantee's recommendation, for compliance with the grant conditions and this Part.

C) If award is intended to be made to a firm which did not submit the lowest bid, a written statement shall be prepared prior to any award and retained by the grantee explaining why each lower bidder was deemed not responsive or not responsible.

D) Local laws, ordinances, regulations or procedures which are designed or operate to give local or in-state bidders preference over other bidders shall not be employed in evaluating bids.

f) Negotiations of contract amendments (change orders)

1) Grantee responsibility

The grantee is responsible for negotiation of construction contract change orders. This function may be performed by the grantee directly or by the consulting engineer, if authorized by the grantee.

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

A) During negotiations the grantee shall:

i) Provide the contractor with a detailed description of the scope and extent of work to be performed;

ii) Require the contractor to demonstrate that he will make available or will obtain the necessary personnel, equipment and materials to accomplish the work within the required time; and

iii) Require a fair and reasonable price for the work.

B) For each change order the grantee shall maintain a written summary of all negotiations and an independent cost estimate prepared by the grantee's consulting engineer.

2) Changes in contract price or time

The contract price or time may be changed only by a change order. Negotiations shall be conducted in accordance with this subsection (f). The value of any work covered by a change order, or the value of claim for increases or decreases in the contract price, shall be determined by whichever method set forth below is the most advantageous to the grantee:

A) Unit prices

i) Original bid items: Unit prices set forth in the original bid are acceptable for pricing change orders. However, when changes in quantities exceed 15 percent of the original bid quantity, the unit price shall be reviewed by the grantee to determine if a new unit price should be negotiated.

ii) New items: Unit prices of new items shall be negotiated.

B) A lump sum to be negotiated.

C) Cost reimbursement

The actual cost for labor, direct overhead, materials, supplies, equipment, and other services necessary to complete the work plus an amount to be agreed upon to cover the cost of general overhead and profit to be negotiated.

3) For each change order, the contractor shall submit to the grantee cost and pricing data to enable the grantee to determine if the costs are fair and reasonable. Such data shall include:

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

- A) As a minimum, proposed change order costs shall be presented in summary format as prescribed by the Agency and shall be supported by a certification executed by the contractor that proposed costs reflect complete, current and accurate cost and pricing data applicable to the data of the change order.
- B) In addition to the specific elements of cost, the estimated amount of profit shall be set forth separately in the cost summary for fixed price change orders and a specific total dollar amount of profit will be set forth separately in the cost summary for cost reimbursement change orders.
- C) More detailed cost data than that set forth by the summary format may be required to enable the grantee to determine if the costs are fair and reasonable.
- D) For costs under cost reimbursement change orders, the contractor shall have an accounting system which accounts for such costs in accordance with generally accepted accounting principles. This system shall provide for the identification, accumulation, and segregation of allowable and unallowable change orders. The contractor shall propose and account for allowable change order costs in a manner consistent with such accounting procedures.
- E) Change orders awarded on the basis of review of a cost element summary and a certification of complete, current, and accurate cost and pricing data shall be subject to downward renegotiation or recoupment of funds where subsequent audit pursuant to this Part substantiates that such certification was not based on complete, current and accurate cost and pricing data and on costs allowable under these regulations at the time of the change order execution.

4) Agency review

For any change order, the grantee shall submit the following to the Agency for review to determine compliance with this Part:

- A) The cost and pricing data submitted by the contractor;
- B) A certification of review and acceptance of the contractor's cost or price; and
- C) A copy of the change order with a justification describing the need and reasonableness of the change order.

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

5) Profit

For the purpose of negotiated change orders to construction contracts under Agency grants, profit is defined as the net proceeds obtained by deducting all allowable costs (direct and indirect) from the price. The estimate of profit is to be reviewed by the grantee as are all other elements of price.

6) Allowability

Allowability of costs for change orders shall be determined in accordance with Section 661.701.

g) Progress payments to contractors

1) Policy

Except as may be otherwise required by law, prompt progress payments shall be made by grantees to prime contractors and by prime contractors to subcontractors and suppliers for eligible construction, material, and equipment costs, including those of undelivered specifically manufactured equipment, incurred under a contract under an Agency construction grant.

2) Protection of progress payments made for specifically manufactured equipment

The grantee shall assure protection of the State's interest in progress payments made for specifically manufactured equipment. This protection must be in a manner or form acceptable to the grantee and shall take the form of recordation under the Uniform Commercial Code (Ill. Rev. Stat. 1985, ch. 26, pars. 1-101 et seq., as amended), adequate to protect the interest of the grantee and the State.

3) Limitations on progress payments

In no case may progress payments for undelivered equipment or items be made in any amount greater than seventy-five percent of the cumulative incurred costs allocable to contract performance with respect to the undelivered equipment or items. Submission of a request for any such progress payments shall be accompanied by a certification furnished by the fabricator of the equipment or item that the amount of progress payment claimed constitutes not more than seventy-five percent of cumulative incurred costs allocable to contract performance, and in addition, in the case of the first progress payment request, a certification that the amount claimed does not exceed 15 percent of the contract or item price quoted by the fabricator.

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

- 4) A subcontractor or supplier which is determined by the Agency to have frustrated the intent of the provisions regarding progress payments for major equipment or specifically manufactured equipment through failure to deliver the equipment shall be determined nonresponsive.

5) Contract provisions

Appropriate provisions regarding progress payments must be included in each contract and subcontract.

- 6) The foregoing progress payments policy shall be implemented in invitations for bids under construction grants.

h) Retention from progress payments

- 1) The grantee may retain a portion of the amount otherwise due the contractor. Except as provided in subsection (h)(1)(D), the amount retained by the grantee shall be limited to the following:

- A) The withheld amounts shall be not more than 10 percent of the payment claimed until the work is 50 percent complete.
- B) When work is 50 percent complete, the withheld amount shall be reduced to 5 percent of the dollar value of all work satisfactorily completed to date if the contractor is making satisfactory progress and there is no specific cause for greater withholding (as determined by the grantee).
- C) When the work is substantially complete (operational or beneficial occupancy), the withheld amount shall be further reduced below 5 percent to only the amount necessary to assure completion.
- D) The grantee may reinstate up to 10 percent withholding if the grantee determines, at its discretion, that the contractor is not making satisfactory progress or there is other specific cause for such withholding (as determined by the grantee).

- 2) The foregoing retention policy shall be implemented with respect to all construction projects for which plans and specifications are approved. Appropriate provision to assure compliance with this policy shall be included in the bid documents for such projects initially or by addendum prior to the bid submission date, and as a special condition in the grant agreement or in a grant amendment.

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

- 3) A grantee who delays disbursement of grant funds shall be required to credit to the State all interest earned on those funds.

i) Required construction contract provisions

Each construction contract shall include the "General Conditions of Construction Contract Document" as set forth in Appendix A. In addition, each construction contract shall include the following provisions:

1) Audit; access to records:

- A) The contractor shall maintain books, records, documents and other evidence directly pertinent to performance on grant work under this agreement in accordance with generally accepted accounting principles and with American Institute of Certified Public Accountants' Professional Standards (666 Fifth Avenue, New York City, New York 10019; June 1, 1987). (This incorporation contains no later amendments or editions.). The Contractor shall also maintain the financial information and data used by the Contractor in the preparation or support of any cost submissions required under subsection (f) of this Section and a copy of the cost summary submitted to the owner. The Auditor General, the owner, the Agency, or any of their duly authorized representatives shall have access to such books, records, documents, and other evidence for the purpose of inspection, audit, and copying. The contractor will provide proper facilities for such access and inspection.
- B) If this contract is a formally advertised, competitively awarded, fixed price contract, the contractor agrees to include the language set forth in subsection (i)(1) in all contract amendments or negotiated change orders in excess of \$10,000, which affect the contract price. In the case of all other prime contracts, the contractor agrees to include the language set forth in Section 661.303(i)(1) in all his contracts and all tier subcontracts or change orders thereto directly related to project performance which are in excess of \$10,000.

- C) Audits conducted pursuant to this provision shall be in accordance with generally accepted auditing standards.

ENVIRONMENTAL PROTECTION AGENCY

ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED AMENDMENTS

NOTICE OF PROPOSED AMENDMENTS

- D) The contractor agrees to the disclosure of all information and reports resulting from access to records pursuant to subsection (i)(1)(A). Where the audit concerns the contractor, the auditing agency will afford the contractor an opportunity for an audit exit conference and an opportunity to comment on the pertinent portions of the draft audit report. The final audit report will include the written comments, if any, of the audited parties.
- E) Records under subsection (i)(1)(A) shall be maintained and made available pursuant to Section 661.501 during performance on Agency grant work under this agreement and until three years from the date of final grant payment for the project. In addition, those records which relate to any dispute or litigation or the settlement of claims arising out of such performance, or costs or items to which an audit exception has been taken, shall be maintained and made available until three years after the date of resolution of such dispute, appeal, litigation, claim, or exception.
- 2) Price reduction for defective cost or pricing data.
- A) This clause is applicable only to:
- i) any negotiated prime contract in excess of \$10,000;
 - ii) negotiated contract amendments or change orders affecting the price of a formally advertised, competitively awarded fixed price contract; or
 - iii) any subcontract or purchase order under a prime contract other than a formally advertised, competitively awarded, fixed price contract.
- B) This clause is not applicable for contracts or subcontracts to the extent that they are awarded on the basis of effective price competition.
- C) If the Agency determines that any price (including profit) negotiated in connection with this contract, or any cost reimbursable under this contract, was increased by any significant sums because the contractor or any subcontractor furnished incomplete or inaccurate cost or pricing data or data not current as certified in his certification of current cost or pricing data, then such price or cost or profit shall be reduced accordingly and the contract shall be modified in writing to reflect such reduction.

- D) Failure to agree on a reduction shall be subject to 35 Ill. Adm. Code 661. Appendix A, Article 30.
- 3) Covenant against contingent fees
- The contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warranty, the owner shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.
- 4) Gratuities
- A) The owner shall, by written notice to the contractor, terminate the right of the contractor to proceed under this contract if it is found, after notice and hearing, by the owner that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the contractor or any agent or representative of the contractor, to any official or employee of the owner or of the State of Illinois with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performance of this contract: Provided, that if the existence of the facts upon which the owner makes such findings are in issue, they shall be reviewed in proceedings pursuant to 35 Ill. Adm. Code 661. Appendix A, Article 30.

- B) In the event this contract is terminated as provided in subsection (i)(4)(A) the owner shall be entitled to pursue the same remedies against the contractor as it could pursue in the event of a breach of the contract by the contractor.
- C) The rights and remedies of the owner provided in this clause shall not be exclusive and are in addition to any rights and remedies provided by law or under this contract.
- j) Subcontracts under construction contracts
- The award or execution of all subcontracts by a prime contractor and the procurement and negotiation procedures used by such prime contractor in awarding or executing such subcontracts shall comply with all provisions of federal, State and local law, including but not limited to all provisions set forth in this Part relating to:

- 5) A Complete Description of the Subjects and Issues Involved: Owners of registered underground petroleum storage tanks are required to pay an annual fee; this proposed emergency amendment states when, by what method and to whom such payments are to be made. P.A. 85-0861 requires a registration fee for underground storage tanks required to be registered prior to September 24, 1987 but which were not; this proposed emergency amendment states by what method and to whom such payments are to be made. This proposed emergency amendment clarifies the terms "abandonment" and "temporarily out of service", regarding underground storage tanks; a certification that the tank has not leaked in order to obtain a waiver allowing a tank to be abandoned in place is required; paragraphs in Section 170.75(d) and (e)(4) were joined. Also, the notice requirement to remove underground storage tanks was changed from seven to 30 days to comply with federal regulations (40 CFR 280 and 281). P.A. 85-0861 requires installers, repairers, replacers or removers of underground storage tanks to register, pay an annual fee and pay a permit fee to perform such activities; the Act also requires testers of underground storage tanks to pay an annual registration fee; this proposed emergency amendment states when and to whom such payments are to be made, and requires the submission of test results. For safety reasons, air pressure testing of underground storage tanks after installation is prohibited.

of Section 620.60(a)(1)(F), and line 1 of Section 620.60(b)(1)(E). Deleted the word "detailed" from the following subsections: line 1 of Section 620.60(a)(1)(A), line 2 of Section 620.60(a)(4), line 1 of Section 620.60(b)(1)(A), line 2 of Section 620.60(b)(4), line 1 of Section 620.60(c)(2)(A), line 2 of Section 620.60(c)(4), and line 1 of Section 620.60(d)(2)(A). Deleted "in detail" from line 2 of Section 620.60(a)(2) and line 2 of Section 620.60(b)(2). Changed "i.e." to "e.g." in line 2 of Section 620.60(a)(1)(A), line 2 of Section 620.60(b)(1)(A), line 2 of Section 620.60(c)(1)(A), line 2 of Section 620.60(d)(1)(A), line 3 of Section 620.60(d)(1)(B), and line 2 of Section 620.60(d)(2)(C).

In the second line of Section 620.60(c)(1)(B) inserted "e.g.," before "college students".

In the first line of Section 620.60(d)(2)(C) replaced "a detailed" with "an".

The statutory citation found in Section 620.90(e) has been updated to include language as follows: "as amended by P.A. 85-1214, effective August 30, 1988".

The main source note and all Section source notes reflect volume 13 of the Illinois Register.

12) Have all the changes agreed upon by the agency and JCAR been made as indicated in the agreement letter issued by JCAR? Yes.

13) Will these amendments replace emergency amendments currently in effect? Yes.

14) Are there any amendments pending on this Part? No.

15) Summary and Purpose of Amendments: These amendments implement P.A. 85-1385 which revised the Labor Management Program to allow the Department to award 60 percent of its annual labor-management appropriation as matching grants to existing local labor-management committees; up to 20 percent for matching grants to developing local labor-management committees; up to 10 percent for grants to develop and conduct specialized education and training programs of direct benefit to representatives of labor, management, labor-management committees and/or their staff; and up to 10 percent as grants for research and development projects related to labor-management issues. Amendments serve to specify the eligibility criteria (Section 620.40), application

Section 620.50 Application Cycle

Applications under the program will be accepted on an ongoing basis. The availability of funds under the program will be advertised in the official state newspaper, and the Department will supply an application package to interested parties upon request. Applications will be reviewed as received, and grants awarded until program funds are exhausted. The original application should be accompanied by two copies and submitted to the Department's Office of Labor - Management Cooperation, 620 East Adams Street, Springfield, Illinois, 62701. The Department with the advice of the Labor - Management Cooperation Committee, will develop and prioritize annually the type and scope of the education and training projects (Category III) and research and development projects (Category IV) by means of telephone surveys and requests for services or information received from local labor-management organizations.

NOTICE OF ADOPTED AMENDMENTS

Section 620.90 Administrative Requirements

a) Matching Grant Limitations

1) Matching grants under Category I, Existing Local Labor-Management Committees, to area labor-management committees shall not exceed \$75,000 annually per committee but that amount shall not exceed 75% of the total operating cost of the program for the first year, 50% for the second, and 25% for the third year. Funding of eligible committees under Category I shall be limited to five years.

2) Grant awards will be limited to a period of one year. Applications for continued funding must be submitted annually. Matching grants under Category II, Developing Local Labor-Management Committees, shall not exceed 75% of the total operating cost of the program. Funding of eligible committees under this category shall be limited to three years. Previous years' funding under this program will be included in determining whether those committees have reached their funding limit under this category.

b) Grant and Matching Grant Limitations - All grant awards will be limited to a period of one year. Applications for continued funding must be submitted annually.

b) Match Requirements - In accordance with the Act, Matching Grants require a proportion of program and operating costs to be supported through a match. For the purpose of this program match may include dollar contributions and in-kind services (i.e., donated office space, clerical support, equipment, postage, etc.) which directly further accomplishes the objectives under the grant.

c) Match Requirements - In accordance with the Act, Matching Grants under Sections I and II, require that at least 25 percent of the program and operating costs be supported through local match. For the purpose of this program, match must include at least 50 percent cash and no more than 50 percent "in-kind" services (i.e., donated office space, clerical support, equipment, postage, etc.) which directly further accomplishes the objectives under the grant.

d) Reporting Requirements - An applicant receiving funding under the program must submit to the Department a quarterly programmatic report outlining the goals and objectives which have been achieved during the previous quarter. This report must specify if the major milestones identified by the applicant in its application package are being met according to the timetable

DEPARTMENT OF COMMERCE AND COMMUNITY AFFAIRS

provided; if not, an explanation of why these milestones have not been met must be provided. An applicant receiving funding under the program must also submit to the Department monthly and quarterly expenditure summaries describing line item costs charged to the grant and line item matching share supplied by the applicant where applicable. The Department reserves the right to monitor and evaluate the activities of any committee receiving funding under this program.

e) d) Recovery of Grant Funds - Recipients of grant funds under this program will be required to abide by provisions of the Illinois Grant Funds Recovery Act (Ill. Rev. Stat. 1985 1987, ch. 127, pars. 2301 et seq., as amended by P.A. 85-1214, effective August 30, 1988).

Section 6301. EXHIBIT A-1 A Summary of Procedures Letter

Secretary Pension Fund
_____, Illinois

Dear Secretary:
The Pension Division has concluded the on-site phase of the examination. The next step is the drafting of a report of examination and the filing of that report. The following is a summary of the procedures employed by the Division:

1. A draft of the report will be mailed to you, and you will then have 30 days to comply with any deficiencies noted in the summary or request a hearing if you disagree with the FACTS of the report.
2. If you request a hearing, a notice of the time, place and date will be forwarded to you.
3. If the Board has not responded to the submission letter within 30 days, the report will be filed and a Compliance Order may be issued.
4. If a Compliance Order is issued and is not satisfied, within 15 days an administrative hearing will be held, and a fine may be assessed and the Attorney General may be asked to seek a court order of compliance.

Should you have any questions, please contact Mr. Dwight-Anderson the Supervisor of the Pension Division in writing.

Very truly yours,

Examiner

Section 1125.10 General Statement of Purpose

- a) The Illinois Educational Labor Relations Board (Board) finds that Section 3(a), 11, 14(a)(1) and 14(b)(1) of the Illinois Educational Labor Relations Act ("the Act") (Ill. Rev. Stat. 1984 1987 Supp., ch. 48, pars. 1703(a) and, 1711, 1714(a)(1), and 1714(b)(1)) prohibit govern the collection and/or expenditure of fair share fees over an employee's objection, in manners-and-amounts-and-for-purposes-that-are-inconsistent-with the-First-and-Fourteenth-Amendments-to-the-United-States Constitution: The procedures in this Part provide the exclusive method for handling fair share fees upon the filing of an objection by an employee. Failure to abide by these procedures

ILLINOIS EDUCATIONAL LABOR RELATIONS BOARD

NOTICE OF ADOPTED AMENDMENT(S)

violates Sections 14(a)(1) and (b)(1) of the Act. The nature of this unfair labor practice requires that special procedures be adopted for its efficient resolution.

- b) The procedures set forth in this Part do not preclude the filing of unfair labor practice charges pursuant to 80 Ill. Adm. Code 1120 alleging violations of Section 11 of the Act resulting from fees in excess of THE DUES UNIFORMLY REQUIRED OF MEMBERS or FEES FOR CONTRIBUTIONS RELATED TO THE ELECTION OR SUPPORT OF ANY CANDIDATE FOR POLITICAL OFFICE.

(Source: Amended at 13 Ill. Reg. 1784, effective January 31, 1989.)

Section 1125.20 Notice of Fair Share fees

- a) Whenever an exclusive representative certifies to an employer the amount of fair share fee to be required of each employee in the bargaining unit who is not a member of the exclusive representative; the exclusive representative shall also serve notice of the fee by posting the notice on bulletin boards and other places where notices for employees are customarily posted. Notice shall remain posted as long as the collective bargaining agreement authorizing the fair share fee is in effect. Whenever there is a change in the amount of the fair share fee, an updated notice shall be posted.

- a) At least fourteen (14) calendar days prior to commencement of payroll deductions of fair share fees, the exclusive representative shall provide notice to all nonmembers of the fair share fee and the right to file an objection. Such notice shall be provided to nonmembers in a manner calculated to provide proper notice, which may include personal delivery, notice by mail, or notice by posting in a place where employee notices are customarily posted or, if no such place exists, posting in a conspicuous place.

- b) Notice shall be on a form developed by the Board or a form developed by the exclusive representative and shall contain the following information:

- 1) the names of the employer and exclusive bargaining representative;
- 2) the effective date and duration of the collective bargaining agreement authorizing the fair share fee;
- 3) the amount of the fair share fee expressed either as a dollar amount or as a percentage of regular union dues and the period for which it is assessed;

- 4) a brief description of how the fair share amount of the fee was calculated, including the major categories of expenses made by the exclusive representative during the most recent fiscal year, verified by an independent auditor;
- 5) the date on which the first payroll deduction is scheduled to be made;
- 5) 6) a statement that the nonmember has the right under the Act to object to the amount of the fee by filing an objection with the Board and that the nonmember can obtain additional information about the objection procedure from the Board; and
- 6) 7) a statement advising fee payers that employees who object to payment of a fair share fee because of BONAFIDE RELIGIOUS TENETS, OR TEACHING OF A CHURCH OR RELIGIOUS BODY OF WHICH SUCH EMPLOYEES ARE MEMBERS MAY PAY AN AMOUNT EQUAL TO THEIR FAIR SHARE CONTRIBUTION TO A NON-RELIGIOUS CHARITABLE ORGANIZATION as provided in Section 11 of the Act.
- c) Whenever there is a change in the amount of the fair share fee, an updated notice shall be provided to nonmembers in a manner consistent with subsection (a) of this Section.
- d) e) Upon request, the employer shall give the exclusive representative access to appropriate bulletin boards and other locations for purposes of posting the notice required by this Section.
- e) d) The exclusive representative shall certify in writing to the employer that notice has been posted; provided to nonmembers in accordance with this Section. No payroll deductions of fair share fees shall be made until at least 14 calendar days after such certification. of the posting;
- f) Once notice of the fair share fee has been provided to a newly hired employee in accordance with this Section, fair share fees may be collected from such employee fourteen (14) calendar days after the employee's first day of employment.

NOTICE OF ADOPTED AMENDMENT(S)

Section 1125.30 Objections to Fair Share Fees

- a) A nonmember of the exclusive representative who is required by a collective bargaining agreement to pay a fair share fee may file an objection to the fair share fee with the Board at any time prior to the expiration of the collective bargaining agreement, no later than six (6) months after the first payroll deduction of the fair share fee.
- b) The objection shall be on a form developed by the Board and shall contain the following:
- 1) the name, address and telephone number of the employee filing the objection and of the employee's representative, if any;
 - 2) the name, address and telephone number of the exclusive representative;
 - 3) the name, address and telephone number of the employer;
 - 4) the amount of the fair share fee certified by the exclusive representative, and the amount disputed by the employee. The employee may choose to object to the entire amount of the fee by so stating.
 - 5) the effective date and duration of the collective bargaining agreement under which the fee was assessed;
 - 5) 6) a brief description, to the extent known, of the bargaining unit covered by the collective bargaining agreement, and
 - 7) either a general statement that the employee objects to the assessment of any amount not authorized by the act and is challenging the entire fee; or a brief statement of specific objections that the employee wishes to raise.
- c) The Board shall serve the objection on the employer and the exclusive representative in accordance with 80 Ill. Adm. Code 1100.20(c).
- d) An objection is effective on the dates they are it is filed with the Board. Nonmembers waive their objections to any fees deducted from their pay prior to their filing of objections, unless they can establish that they were not properly notified of the fees as required by Section 1125.20 of this Part. Objections are effective for the duration of the existing collective bargaining agreement, unless expressly withdrawn, only for the year for which the fair share fee is sought.

Section 1125.50 Responses to Objections (Repealed)

Within 15 days after service of an objection, the exclusive representative shall file a response in accordance with 80 Ill. Adm. Code 1100-20(d). The response shall be on a form developed by the Board and shall include:

- a) the name, address and telephone number of the exclusive representative and of its representative, if any;
- b) a description of how the amount of the fair share fee was calculated;
- c) the dates on which the exclusive representative's fiscal year begins and ends; and
- d) the effective date and duration of the collective bargaining agreement authorizing the fair share fee assessments.

(Source: Repealed at 13 Ill. Reg. 1784, effective January 31, 1989)

Section 1125.70 Investigation of Fair Share Fee Objections

- a) The Board's Executive Director shall investigate and process all fair share fee objections and shall issue complaints or dismiss objections in accordance with 80 Ill. Adm. Code 1120.30(a) and (b).
- b) An objecting employee may file exceptions to the Executive Director's dismissal of the objections. Such exceptions shall be filed and processed in the same manner as exceptions to the Executive Director's dismissal of an unfair labor practice charge in accordance with 80 Ill. Adm. Code 1120.30(c).

If the Executive Director dismisses a fair share fee objection, the objecting employee may file exceptions with the Board within fourteen (14) days of the date of receipt of the Executive Director's decision. The exclusive representative may file a response within fourteen (14) days of receipt of the exceptions. In reviewing the exceptions, the Board will consider whether the Executive Director's decision is consistent with the Act and this Part and whether there has been an abuse of discretion (e.g., failure to issue a complaint when questions of law or fact exist).

(Source: Amended at 13 Ill. Reg. 1784, effective January 31, 1989)

Section 1125.80 Hearings

- a) Except as provided in Section 1125.80(b) below, hearings on fair share fee objections shall proceed in the same manner as hearings on unfair labor practice complaints in both contested cases, in accordance with as set forth in 80 Ill. Adm. Code

1120.40 and 1105, Subpart B, and hearings in unfair labor practice proceedings, as set forth in 80 Ill. Adm. Code 1105.90 1120.40.

The Executive Director shall appoint a fair share Hearing Officer to hold an evidentiary hearing and render a Recommended Decision and Order on the fair share fee objections.

- b) In hearings on objections to fair share fees, the burden of proof proving how the fair share fee money was spent shall be on the exclusive representative.

- c) The hearing set forth in subsection (b) above, shall commence no later than 30 days from the last day for filing of an objection pursuant to Section 1125.30(a) of this Part. A Recommended Decision and Order shall be issued within 60 days of the close of the record, unless additional time (up to 30 days) is required due to the length of the record and/or the complexity of the issues involved. The Recommended Decision and Order shall be served on all parties to the proceeding.

- e) Within 21 days of the date of the Recommended Decision and Order, any party may file exceptions and briefs in support of those exceptions with the Board. If no exceptions have been filed in that 21-day period, the parties will be deemed to have waived their exceptions.

- f) If timely exceptions are filed, the Board shall issue and serve on all parties a copy of its decision and order.

- g) Upon direction of the Board, the employer shall cease transmitting the fee to the Board and shall deduct, from the objector's pay, the amount determined by the Board to be appropriate and pay same to the exclusive representative. The Board shall disperse the amount held in escrow to the employee and the exclusive representative in accordance with its determination in the case. Interest earned by disputed fees during the time they were held in escrow shall be apportioned pro rata between the employee and the exclusive representative.

Section 1125.90 Consideration by the Board (Repealed)

- a) Fair share fee objections shall be considered by the Board in the same manner as unfair labor practice complaints pursuant to 80 Ill. Adm. Code 1120.50.
- b) Upon direction of the Board, the employer shall cease transmitting the fee to the Board and shall deduct, from the nonmember's pay, the amount determined by the Board to be appropriate and pay same to the exclusive representative. The Board shall disperse the amount held in escrow to the employee

- 12) Have all the changes agreed upon by the Board and JCAR been made as indicated in the agreement letter issued by JCAR?

Section 13.3 of the Environmental Protection Act (Ill. Rev. Stat. 1987, ch. 111 1/2, par. 1013.3) provides that this rulemaking is not subject to Section 5 of the APA. It is therefore not subject to second notice review by JCAR.

- 13) Will this Amendment replace an emergency Amendment currently in effect? No.

- 14) Are there any other amendments pending on this Part? Yes, in R88-9.

Section Numbers	Proposed Action	Illinois Register Citation
-----------------	-----------------	----------------------------

307.1102	Amendment	April 22, 1988; 12 Ill. Reg. 7141
----------	-----------	-----------------------------------

- 15) Summary and Purpose of Amendments:

A complete description is contained in the Board's Opinion of December 15, 1988 in R88-18, which Opinion is available from the address below.

This proposal amends the Board's pretreatment rules, which govern discharges by industrial users to publicly owned treatment works (POTWs). The rules are intended to prevent industrial discharges from passing through POTW treatment plants, without adequate treatment, to waters of the State, and to prevent industrial discharges from interfering with the operation of the treatment plant. The Board's pretreatment rules are contained in 35 Ill. Adm. Code 307 and 310. This rulemaking updates the pretreatment rules to correspond with amendments to the USEPA pretreatment rules during the period 1/1/88 through 6/30/88.

These amendments mainly correct typographical errors which occurred in adoption of the pretreatment rules in R86-44. The USEPA amendments are 53 Fed. Reg. 1704 and 9176, January 21 and March 21, 1988. These affect the primary tungsten and leather tanning subcategories.

SUBPART F: DAIRY PRODUCTS PROCESSING

Section 307.1508 Ice Cream, Frozen Desserts, Novelties and Other Dairy Desserts

a) Applicability. This Section applies to discharges resulting from the manufacture of ice cream, ice milk, sherbet, water ices, stick confections, frozen novelties products, frozen desserts, melorine, pudding and other dairy product base desserts. If fluid mixes prepared at another plant are employed, the appropriate values from Section 307.1507 should be deducted from the limitations.

SUBPART CT: NONFERROUS METALS FORMING AND METAL POWDERS

Section 307.8100 General Provisions

a) Applicability.

- 1) This Subpart applies to the introduction of pollutants into a POTW from the forming of nonferrous metals (including nonferrous metal alloys), except beryllium, copper and aluminum, and their alloys. Aluminum alloys are defined as any alloy in which aluminum is the major constituent in percent by weight. Copper alloys are defined as any alloy in which copper is the major constituent in percent by weight except when copper is alloyed with precious metals. Any copper-precious metal alloy containing 30 percent or greater precious metal is considered a precious metal alloy for the purpose of this -s-Subpart. Beryllium alloys are any alloy in which beryllium is present at 0.1 percent or greater. This -s-Subpart applies to:

- A) Forming operations, including rolling (both hot and cold), extruding, forging, drawing, swaging, cladding and tube reducing, and
- B) Ancillary operations performed as an integral part of the forming of these metals, including casting for subsequent forming, heat treatment, surface treatment, alkaline cleaning, solvent degreasing, product testing, surface coating, sawing, grinding, tumbling, burnishing and wet air pollution control.

- 2) This -s-Subpart also applies to introduction of pollutants into a POTW from mechanical metal powder production operations, forming of parts from metal powders, and associated ancillary operations of:

- A) Iron, copper and aluminum and their alloys; and
- B) The nonferrous metal and their alloys described in subsection(a)(1). This -s-Subpart does not regulate the production of metal powders by chemical means such as precipitation. The production of metal powder as the final

step in refining metal is regulated under nonferrous metals manufacturing, Subpart V.

- 3) Surface treatment includes any chemical or electrochemical treatment applied to the surface of the metal. For the purposes of this -s-Subpart, surface treatment of metals is considered to be an integral part of the forming of metals whenever it is performed at the same plant site at which the metals are formed. Such surface treatment operations are not regulated under the electroplating or metal finishing regulations, -s-Subparts N or AH.

- 4) Casting is covered by this -s-Subpart when it is performed as an integral part of the metal forming process and takes place at the same plant site at which metals are formed. Such casting is not regulated under the provisions of metal molding and casting (Subpart CM).

- 5) This -s-Subpart does not apply to the forming of the metals cadmium, chromium, gallium, germanium, indium, lithium, manganese, neodymium or praseodymium.

- b) General definitions. The Board incorporates by reference 40 CFR 471.02 -~~(1986)~~-(1987). This incorporation includes no later amendments or editions.

- c) Compliance dates. The Board incorporates by reference 40 CFR 471.03 -~~(1986)~~-(1987). This incorporation includes no later amendments or editions.

DEPARTMENT OF PUBLIC HEALTH
NOTICE OF ADOPTED AMENDMENTS

- 11) Difference Between Proposal and Final Version:
The name of Part 750 has been changed to: FOOD SERVICE SANITATION CODE.
In Section 750.10, the citation "(21 U.S.C. 301 et seq.)" has been added after the first appearance of the words "Federal Food, Drug and Cosmetic Act,".
- 12) Have all the changes agreed upon by the Agency and the Joint Committee been made as indicated in the agreement letter issued by the Joint Committee?
No changes were recommended by the Joint Committee.
- 13) Will the Rules Replace an Emergency Rule Currently in Effect? Yes.
- 14) Are there any other Amendments Pending on this Part? No.
- 15) Summary and Purpose of Rules:
This rulemaking deletes the exemption of "clean, whole, uncracked, odor free shell eggs" from the definition of "potentially hazardous food" at Section 750.10. This change will require that whole shell eggs be refrigerated to 45°F or less until use under Section 750.140. This revision has the effect of including whole shell eggs in the existing standards established to insure proper handling and refrigeration of a potentially hazardous food such as meat, milk, poultry or fish (and now, whole shell eggs) before use to deter multiplication of any bacterial contamination that may be present.
Salmonella serotype enteritidis has occurred with increasing frequency in the northeastern United States during the past several years resulting in a 500% increase since 1975. Much of this increase is due to foodborne outbreaks which may be associated with eating raw or undercooked commercial Grade A shell eggs according to an April, 1988 article in the Journal of the American Medical Association. (JAMA, Vol. 259, No. 14, pp 2103-7)
During a recent investigation in Illinois, this Salmonella serotype enteritidis has been identified in fresh egg yolk, organs of newly hatched chicks and ovaries of adult chickens. The hatchery investigated produces fertile eggs which are sold and hatched for use as egg laying flocks in an eight-state area. This investigation corroborates other recent investigations in northeastern states which had similar findings.
Consequently, whole, uncracked eggs, previously thought to be safe with no potential for internal contamination, can no longer be considered safe if stored at room temperature. Whole, uncracked eggs must be

DEPARTMENT OF PUBLIC HEALTH
NOTICE OF ADOPTED AMENDMENTS

treated in the same manner as other raw animal products such as meat, milk, poultry or fish and must be stored at 450 Fahrenheit or less. This form of storage should retard the growth of any bacteria in whole uncracked eggs and thus provide the consuming public with a healthier and safer product.

- 16) Information and Questions regarding this Adopted Rulemaking shall be directed to:

Mr. Robert John Kane, Division of Governmental Affairs, Department of Public Health, 525 West Jefferson, Second Floor, Springfield, Illinois 62761, 217/782-6187.

SUBPART A: GENERAL PROVISIONS

Section 750.10 Definitions

The following definitions shall apply in the interpretation and the enforcement of this Part:

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF ADOPTED AMENDMENTS

"Certified food service manager or supervisor" means a person certified in compliance with Section 750.540.

"Commercially prepared sweet baked goods" means an individually portioned and wrapped, non-potentially hazardous yeast or cake type bread, bun, croissant or roll with or without filling and/or icing.

"Commissary" means a catering establishment, restaurant, or any other place in which food, containers, or supplies are kept, handled, prepared, packaged or stored.

"Corrosion-resistant materials" means those materials that maintain their original surface characteristics under prolonged influence of the food to be contacted, the normal use of cleaning compounds and bactericidal solutions, and other conditions-of-use environment.

"Easily cleanable" means that surfaces are readily accessible and made of such material and finish and so fabricated that residue may be effectively removed by normal cleaning methods.

"Employee" means individuals having supervisory or management duties, and any other person working in a food service establishment.

"Equipment" means stoves, ovens, ranges, hoods, slicers, mixers, meatblocks, tables, counters, refrigerators, sinks, dishwashing machines, steam tables, and similar items other than utensils, used in the operation of a food service establishment.

"Extensively remodeled" means whenever an existing structure is converted for use as a retail food establishment; any structural additions or alterations to existing establishments; changes, modifications and extensions of plumbing systems, excluding routine maintenance.

"Food" means any raw, cooked, or processed edible substance, ice, beverage or ingredient used or intended for use or for sale in whole or in part for human consumption.

"Food contact surface" means those surfaces of equipment and utensils with which food normally comes in contact, and those surfaces from which food may drain, drip, or splash back onto surfaces normally in contact with food.

"Food processing establishment" means a commercial establishment in which food is manufactured or packaged for human consumption. The term does not include a food service establishment, retail food store, or commissary operation.

NOTICE OF ADOPTED AMENDMENTS

89

"Food service establishment" means any place where food is prepared and intended for, though not limited to, individual portion service, and includes the site at which individual portions are provided. The term includes any such place regardless of whether consumption is on or off the premises and regardless of whether there is a charge for the food. The term also includes delicatessen type operations that prepare foods intended for individual portion service. The term does not include lodging facilities serving only a continental breakfast, (a continental breakfast is one limited to only coffee, tea, and/or juice and commercially prepared sweet baked goods), private homes or a closed family function where food is prepared or served for individual family consumption, retail food stores or the location of food vending machines.

"Hermetically sealed container" means a container designed and intended to be secure against the entry of microorganisms and to maintain the commercial sterility of its content after processing.

"Kitchenware" means all multi-use utensils other than tableware.

"Law" includes State and local statutes, ordinances, and regulations.

"Lodging facilities" means any hotel, motel, motor inn, lodge, inn or other quarters which provides temporary sleeping facilities open to the public.

"Mobile food unit" means a vehicle-mounted food service establishment designed to be readily movable.

"Packaged" means bottled, canned, cartoned, or securely wrapped.

"Person" includes any individual, partnership, corporation, association, or other legal entity.

"Person in charge" means the individual present in a food service establishment who is the apparent supervisor of the food service establishment at the time of inspection. If no individual is the apparent supervisor, then any employee present is the person in charge.

"Potentially hazardous food" means any food that consists in whole or in part of milk or milk products, eggs, meat, poultry, fish, shellfish, edible crustacea, or other ingredients, including synthetic ingredients, in a form capable of supporting rapid and progressive growth of infectious or toxigenic microorganisms. The term does not include ~~clean, whole, unpeeled, odor-free, shell-eggs or~~ foods which have a pH level of 4.6 or below or a water activity (a_w) value of 0.85 or less.

NOTICE OF ADOPTED AMENDMENTS

89

"Pushcart" means a non-self-propelled vehicle limited to serving nonpotentially hazardous foods or commissary-wrapped food maintained at proper temperatures, or limited to the preparation and serving of frankfurters.

"Reconstituted" means dehydrated food products recombined with water or other liquids.

"Regulatory authority" means the State and/or local enforcement authority or authorities having jurisdiction over the food service establishment.

"Safe materials" means articles manufactured from or composed of materials that may not reasonably be expected to result, directly or indirectly, in their becoming a component or otherwise affecting the characteristics of any food. If materials used are food additives or color additives as defined in section 201(s) or (t) of the Federal Food, Drug, and Cosmetic Act, (21 U.S.C. 301 et seq.), they are "safe" only if they are used in conformity with regulations established pursuant to Section 409 or Section 706 of the Act. Other materials are "safe" only if, as used, they are not food additives or color additives as defined in section 201(s) or (t) of the Federal Food, Drug, and Cosmetic Act and are used in conformity with all applicable regulations of the Food and Drug Administration.

"Sanitization" means effective bactericidal treatment by a process that provides enough accumulative heat or concentration of chemicals for enough time to reduce the bacterial count, including pathogens, to a safe level (when those disease organisms which may be present are destroyed so as to prevent transfer) on cleaned food-contact surfaces of utensils and equipment.

"Sealed" means free of cracks or other openings that permit the entry or passage of moisture.

"Single service articles" means cups, containers, lids, closures, plates, knives, forks, spoons, stirrers, paddles, straws, napkins, wrapping materials, toothpicks, and similar articles intended for one-time, one-person use and then discarded.

"Tableware" means multi-use eating and drinking utensils.

"Temporary food service establishment" means food service establishment that operates at a fixed location for a period of time of not more than 14 consecutive days in conjunction with a single event or celebration.

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF ADOPTED AMENDMENTS

"Utensil" means any implement used in the storage, preparation, transportation, or service of food.

(Source: Amended at 13 Ill. Reg. 1819, effective January 30, 1989)

SUBPART B: FOOD SUPPLIES

Section 750.140 Refrigerated Storage

a) Enough conveniently located refrigeration facilities or effectively insulated facilities shall be provided to assure the maintenance of potentially hazardous food at required temperatures during storage. Each mechanically refrigerated storage facility storing potentially hazardous food shall be provided with a numerically scaled indicating thermometer, accurate to plus or minus 3 degrees F., located to measure the air temperature in the warmest part of the facility and located to be easily readable. Recording thermometers, accurate to plus or minus 3 degrees F. may be used in lieu of indicating thermometers.

b) Potentially hazardous food requiring refrigeration after preparation shall be labeled or tagged with the date and time of preparation and rapidly cooled to an internal temperature of 45 degrees F. or below. Potentially hazardous foods of large volume or prepared in large quantities shall be rapidly cooled, utilizing such methods as limiting depth of food to 4 inches or less, agitation, quick chilling or water circulation external to the food container so that the cooling period shall not exceed 4 hours. Potentially hazardous food to be transported shall be pre-chilled and held at a temperature of 45 degrees F. or below unless maintained in accordance with Section 750.150.

c) Frozen foods shall be kept frozen and should be stored at a temperature of 0 degrees F. or below.

d) Ice intended for human consumption shall not be used as a medium for cooling stored food, food containers or food utensils, except that such ice may be used for cooling tubes conveying beverages or beverage ingredients to a dispenser head. Ice used for cooling stored food and food containers shall not be used for human consumption.

e) Upon delivery, intact shell eggs shall be stored at a temperature of 45 degrees Fahrenheit or less.

11) Difference Between Proposal and Final Version:

The name of Part 760 has been changed to: RETAIL FOOD STORE SANITATION CODE

12) Have all the changes agreed upon by the Agency and the Joint Committee been made as indicated in the agreement letter issued by the Joint Committee?

Yes.

13) Will the Rules Replace an Emergency Rule Currently in Effect? Yes.

14) Are there any other Amendments Pending on this Part? No.

15) Summary and Purpose of Rules:

This rulemaking deletes the exemption of "clean, whole, uncracked, odor free shell eggs" from the definition of "potentially hazardous food" at Section 760.20. This change will require that whole shell eggs be refrigerated to 45°F or less until use under Section 760.150. This revision has the effect of including whole shell eggs in the existing standards established to insure proper handling and refrigeration of a potentially hazardous food such as meat, milk, poultry or fish (and now, whole shell eggs) before use to deter multiplication of any bacterial contamination that may be present.

Salmonella serotype enteritidis has occurred with increasing frequency in the northeastern United States during the past several years resulting in a 500% increase since 1975. Much of this increase is due to foodborne outbreaks which may be associated with eating raw or undercooked commercial Grade A shell eggs according to an April, 1988 article in the Journal of the American Medical Association. (JAMA, Vol. 259, No. 14, pp 2103-7)

During a recent investigation in Illinois, this Salmonella serotype enteritidis has been identified in fresh egg yolk, organs of newly hatched chicks and ovaries of adult chickens. The hatchery investigated produces fertile eggs which are sold and hatched for use as egg laying flocks in an eight-state area. This investigation corroborates other recent investigations in northeastern states which had similar findings.

Consequently, whole, uncracked eggs, previously thought to be safe with no potential for internal contamination, can no longer be considered safe if stored at room temperature. Whole, uncracked eggs must be treated in the same manner as other raw animal products such as meat, milk, poultry or fish and must be stored at 45°F Fahrenheit or less. This form of storage should retard the growth of any bacteria in whole

uncracked eggs and thus provide the consuming public with a healthier and safer product.

SUBPART A: GENERAL PROVISIONS

Section 760.20 Definitions

For the purpose of this Part:

"Bulk food" means processed or unprocessed food in aggregate containers from which quantities desired by the consumer are withdrawn.

"Corrosion-resistant materials" means those materials that maintain acceptable sanitary surface characteristics under prolonged influence of the food to be contacted, the normal use of cleaning compounds and sanitizing solutions, and other conditions of the use environment.

"Easily cleanable" means that surfaces are readily accessible and made of such material and finish and so fabricated that residue can be effectively removed by normal cleaning methods.

"Employee" means the permit holder, individual having supervisory or management duties, person on the payroll, family member, volunteer, person performing work under contractual agreement, or any other person working in a food store.

"Equipment" means items other than utensils used in the storage, preparation, display, and transportation of food, such as stoves, ovens, hoods, slicers, grinders, mixers, scales, meat blocks, tables, food shelving, reach-in refrigerators and freezers, sinks, ice makers, and similar items used in the operation of a retail food store. This item does not include fork lift trucks or dollies.

"Food" means any raw, cooked, or processed edible substance, ice, beverage or ingredient used or intended for use or for sale in whole or in part for human consumption.

"Food-contact surfaces" means those surfaces of equipment and utensils with which food normally comes into contact, and those surfaces from which food may drain, drip, or splash back onto surfaces normally in contact with food.

"Food service establishment" means any place where food is prepared and intended for, though not limited to, individual portion service, and includes the site at which individual portions are provided. The term includes any such place regardless of whether consumption is on or off the premises and regardless of whether there is a charge for the food. The term includes delicatessens that offer prepared food in individual service portions. The term does not include lodging

facilities serving only a continental breakfast, (a continental breakfast is one limited to only coffee, tea, and/or juice and commercially prepared sweet baked goods) private homes where food is prepared or served for individual family consumption, retail food stores, the location of food vending machines, and supply vehicles.

"Hermetically sealed container" means a container which is designed and intended to be secure against the entry of microorganisms and to maintain the commercial sterility of its contents after processing.

"Law" includes applicable Federal, State, and local statutes, ordinances, and regulations.

"Packaged" means bottled, canned, cartoned, bagged, or securely wrapped.

"Person" includes any individual, partnership, corporation, association, or other legal entity.

"Person in charge" means the individual present in a retail food store who is the supervisor of the retail food store at the time of inspection.

"Potentially hazardous food" means any food that consists in whole or in part of milk or milk products, eggs, meat, poultry, fish, shellfish, edible crustacea, or other ingredients, including synthetic ingredients, and which is in a form capable of supporting rapid and progressive growth of infectious or toxigenic microorganisms. The term does not include: ~~clean~~-whole; ~~un~~cracked; ~~open~~-free-sheet-eggs; foods that have a pH level of 4.6 or below or a water activity (a_w) value of 0.85 or less under standard conditions; food products in hermetically sealed containers processed to prevent spoilage.

"Regulatory authority" means the State and/or local enforcement authority or authorities having responsibility for enforcing this Part.

"Retail food store" means any establishment or section of an establishment where food and food products are offered to the consumer and intended for, though not limited to, off-premises consumption. The term includes delicatessens that offer prepared food in bulk quantities only. The term does not include establishments which handle only prepackaged spirits; roadside markets that offer only fresh fruits and fresh vegetables for sale; food service establishments; or food and beverage vending machines.

"Safe materials" means articles manufactured from or composed of materials that may not reasonably be expected to result, directly or

DEPARTMENT OF PUBLIC HEALTH
NOTICE OF ADOPTED AMENDMENTS

indirectly, in their becoming a component or otherwise affecting the characteristics of any food.

"Sanitization" means effective bactericidal treatment by a process that provides enough accumulative heat or concentration of chemicals for enough time to reduce the bacterial count, including pathogens, to a safe level (when those disease organisms which may be present are destroyed so as to prevent transfer) on cleaned food-contact surfaces of utensils and equipment.

"Sealed" means free of cracks or other openings that permit the entry or passage of moisture.

"Single-service articles" means items used by the retailer or consumer such as cups, containers, lids, and packaging materials, including bags and similar articles, intended for contact with food, and designed for one-time use. The term does not include "single use" articles such as number 10 cans, aluminum pie pans, bread wrappers and similar articles into which food has been packaged by the manufacturer.

"Temporary Retail Food Store" means a retail store that operates at a fixed location for a period of time of not more than 14 consecutive days in conjunction with a single event or celebration. The term does not include establishments that handle only fresh fruits and fresh vegetables, or temporary food service establishments.

"Transportation" (transported) means movement of food within the retail food store or delivery of food from that retail food store to another place while under the control of the person in charge.

"Utensil" means any food-contact implement used in the storage, preparation, transportation, or dispensing of food.

"Warewashing" means the cleaning and sanitizing of food-contact surfaces of equipment and utensils.

accurate to +30F. The sensing element shall be located to measure the air temperature in the unit at a location that is representative of the air temperature in the unit. The thermometer scale shall be located to be easily readable. Recording thermometers, accurate to +30F may be used in lieu of indicating thermometers.

c) Potentially hazardous food requiring refrigeration after preparation shall be rapidly cooled to an internal temperature of 450F or below. Potentially hazardous foods of large volume or prepared in large quantities shall be rapidly cooled utilizing such methods as shallow pans, agitation, quick chilling, or water circulation external to the food container so that the cooling period shall not exceed four (4) hours. Potentially hazardous food to be transported shall be pre-chilled and held at a temperature of 450F or below unless maintained in accordance with the hot storage requirements of this Part.

d) Potentially hazardous frozen foods shall be kept frozen and should be stored at an air temperature of 00F or below except for defrost cycles and brief periods of loading or unloading.

e) Ice used as a cooling medium for food storage shall not be used or sold for human consumption.

f) Upon delivery, intact shell eggs shall be stored at a temperature of 45 degrees Fahrenheit or less.

Section 1409.130 Corporations

All corporations having an interest in a horse shall file with the state steward at the time of filing application for an owner's license a statement in duplicate setting forth the names and addresses of all officers, directors, and stockholders of said corporation, together with the amount of the respective holdings of each stockholder and a statement as to whether or not said stock is paid in full, and including the designation of an authorized agent or agents of said corporation. The said statement shall be signed by the president of the corporation, attested to by its secretary, and the corporate seal attached. A copy of said statement shall be transmitted promptly to the office of the Illinois Racing Board by the state steward. All officers, directors and shareholders owning 1% or more of any class of stock of a corporation shall be licensed as owners. These licensure requirements shall apply to all corporations owning any interest in a horse. All non-licensed shareholders shall be eligible for licensure. Any non-licensed shareholder shall submit application materials sufficient for the Board to verify this status whenever the stewards have determined that it is more probable than not that such person is ineligible for licensure. Such materials shall consist of the name, social security number, fingerprints, or other material required of an applicant for an owner's license. In Section 1295.30(b)(2), "(3)" has been added after the word "three."

In Section 1295.30(b)(3), "(18)" has been added after the word "eighteen."

Section 1295.40(c) has been amended by adding the following words: "for a period of five (5) years."

In Section 1295.40(e), the following text has been added after "notify": ", within ten (10) days of such decision,"

In Section 1295.60(b) in the first line, an "s" has been added to the word "Monitor."

In Section 1295.70(e) the word "of" has been changed to "or."

DEPARTMENT OF STATE POLICE

NOTICE OF ADOPTED RULES

12) Have all the changes agreed upon by the agency and JCAR been made as indicated in the agreement letter issued by JCAR? Yes.

13) Will this rule replace an emergency rule currently in effect? No.

14) Are there any amendments pending on this Part? No.

15) Summary and Purpose of Rules: Recent legislation expands the scope of legally allowable electronic eavesdropping. The Director of the Illinois State Police is required to establish regulations relating to the training, certification, and authorized activities of electronic criminal surveillance officers. These rules delineate those regulations.

16) Information and questions regarding this adopted rule shall be directed to:

AUTHORITY: Implementing "AN ACT relating to electronic criminal surveillance devices and amending certain acts herein named" (P.A. 85-1203, effective January 1, 1989) and authorized by Section 55a of the Civil Administrative Code of Illinois (Ill. Rev. Stat. 1987, ch. 127, par. 55a).

SOURCE: Adopted at 13 Ill. Reg. 1856_____, effective January 26, 1989.

Section 1295.10 Purpose

The purpose of this Part is to delineate regulations for the certification, periodic recertification, and revocation of certification of electronic criminal surveillance officers; to specify standards for procedures and equipment used to intercept and record private oral communications; and to adopt measures to protect privileged communications and minimize monitoring of nonpertinent conversations, while permitting the legitimate investigative aims of law enforcement to be pursued.

Section 1295.20 Definitions

- a) Unless specified otherwise, all terms shall have the meanings set forth in "AN ACT relating to electronic criminal surveillance devices and amending acts herein named" (Public Act 85-1203, effective January 1, 1989).
- b) For purpose of this Part, the following additional definitions apply:

"Act" means "AN ACT relating to electronic criminal surveillance devices and amending certain acts herein named" (Public Act 85-1203, effective January 1, 1989).

"Chief Executive Officer of a Law Enforcement Agency" means a chief of police, sheriff, director, superintendent, or other

DEPARTMENT OF STATE POLICE

title that serves as the head of a law enforcement agency.

"Department" means the Illinois Department of State Police.

"Dialed Number Recorder" means a device used to register telephone numbers, either dialed or pulse dialed.

"Director" means the Director of the Illinois Department of State Police.

"Electronic Criminal Surveillance Officer Certification" refers to registered credentials issued by the Department and the Illinois Local Governmental Law Enforcement Officers Training Board, which identify those aspects of electronic criminal surveillance that the officer is authorized to perform.

"Electronic Criminal Surveillance Officers Training Course" means a course or series of courses of instruction provided by the Department, in cooperation with the Illinois Local Governmental Law Enforcement Officers Training Board, in the legal, practical, and technical aspects of the interception of private oral communications and related investigative and prosecutive techniques.

"Minimization" refers to measures initiated to prevent the interception of privileged communications and to limit the interception of conversations which are innocent and lack evidentiary or investigative value.

"Technical Service Unit" is a component of a law enforcement agency charged with the responsibility for providing support to investigative activities by operating electronic surveillance apparatus, including electronic criminal surveillance devices, alarms, communications apparatus, video equipment, photographic equipment, and night vision devices.

Section 1295.30 Qualification, Certification, and Recertification of Officers
No person shall engage in the interception of private oral communication as described in the Act, unless authorized to do so pursuant to certification provisions elaborated in this Part.

- a) Qualifications - The qualifications of all candidates for certification as electronic criminal surveillance officers shall be specified in an application to the Director from the chief executive officer of the law enforcement agency which the candidate represents. Such application shall identify the specific level of training/certification which the candidate is authorized to receive and shall include a recommendation of the candidate by the chief executive officer. Other information to be supplied shall include:

DEPARTMENT OF STATE POLICE

NOTICE OF ADOPTED RULES

- 1) The candidate's name, sex, date of birth, social security number, and agency identification number.
- 2) The candidate's business address and telephone number(s).
- 3) Statement that the candidate is a full-time law enforcement officer.
- 4) A brief synopsis of the candidate's training and service record, including any specialized instruction in the techniques of electronic surveillance.
- 5) A brief statement reflecting the candidate's unit of assignment and present/proposed duties.
- 6) For training for certification as an Electronic Criminal Surveillance Officer III, a statement that the sponsoring agency maintains a Technical Surveillance Unit and that the candidate will be assigned to such Unit subsequent to his/her certification.

b) Certification - Three (3) levels of training in Electronic Criminal Surveillance shall be provided by the Department. The levels of training courses provided shall be designated as Electronic Criminal Surveillance Officer I (ECSO I), Electronic Criminal Surveillance Officer II (ECSO II), and Electronic Criminal Surveillance Officer III (ECSO III). Each of these training courses and training courses for recertification shall be certified by the Illinois Local Governmental Law Enforcement Officers Training Board in compliance with the administrative rules found at 20 Ill. Adm. Code 1720 and shall include training in the legal, practical, and technical aspects of the interception of private oral communications and related investigation and prosecution techniques. Upon successful completion of any one of these three (3) courses of training, an officer shall be certified by the Illinois State Police and the Illinois Local Governmental Law Enforcement Officers Training Board for the particular level of expertise and shall be authorized to perform tasks as herein described for the grade of certification:

- 1) Electronic Criminal Surveillance Officer I: An officer certified as an Electronic Criminal Surveillance Officer I (ECSO I) shall be permitted to prepare petitions for the authority to intercept private oral communications in accordance with the provisions of the Act; to intercept and supervise the interception of conversations; to handle, safeguard, and utilize evidence derived from such conversations; and to operate and maintain equipment used to intercept such conversations. ECSO I certification, unless renewed by recertification, expires in three (3) years.
- 2) Electronic Criminal Surveillance Officer II: An officer certified as an Electronic Criminal Surveillance Officer II (ECSO II) shall be authorized to install, maintain, repair, and remove electronic criminal surveillance devices designed or intended for use in intercepting private wire communications as defined by the Act. An ECSO II shall also have the full powers granted by ECSO I certification. ECSO II certification, unless renewed by recertification, expires in three (3) years.

DEPARTMENT OF STATE POLICE

NOTICE OF ADOPTED RULES

- 3) Electronic Criminal Surveillance Officer III: An officer certified as an Electronic Criminal Surveillance Officer III (ECSO III) can, when authorized by the Court, unobtrusively enter into any vehicle, structure, or property of another for the purpose of installing, maintaining, or removing electronic criminal surveillance devices. An ECSO III shall also have the full powers granted by ECSO II and ECSO I certification. ECSO III certification, unless renewed by recertification, expires in eighteen (18) months.
- 4) Certification as an ECSO II requires prior certification as an ECSO I. Certification as an ECSO III requires prior certification as an ECSO II.
- 5) Training for recertification of an ECSO II and ECSO III shall encompass all topics and information conveyed to subordinate levels.
- 6) Each law enforcement officer certified in accordance with this Part shall be issued registered credentials which identify the extent of each officer's authority.

Section 1295.40 Revocation of Certification

The Director, with the concurrence of the Illinois Local Governmental Law Enforcement Officers Training Board, shall have the power to revoke or suspend any certification granted under this Part. The procedure to revoke or suspend certification shall be as follows:

- a) If the Director receives an allegation from any source that a certified Electronic Criminal Surveillance Officer is violating any law relating to electronic criminal surveillance or is violating any provision of this Part, the Director shall investigate the allegation. The Director shall notify the Illinois Local Governmental Law Enforcement Officers Training Board of all such investigations.
- b) At the conclusion of the investigation, the Director shall review the findings with the Illinois Local Governmental Law Enforcement Officers Training Board.
- c) If the Director and the Illinois Local Governmental Law Enforcement Officers Training Board conclude that the officer has intentionally violated the law or has intentionally violated the civil rights of any party, the officer's certification shall be revoked and his/her credentials impounded and destroyed. An officer whose credentials have been revoked shall not be eligible for certification or recertification for a period of five (5) years.
- d) If the Director and the Illinois Local Governmental Law Enforcement Officers Training Board conclude that the officer has violated any requirement of this Part, the officer's certification shall be suspended and impounded until the officer has successfully completed a recertification training course.
- e) The Director shall notify, within ten (10) days of such decision, in writing the officer and the chief executive officer of the agency for which the officer is employed of any decision to revoke or suspend the

officer's certification.

Section 1295.50 Recording and Minimization Standards

Electronic Criminal Surveillance Officers shall comply with the minimization standards required by the Act and this Part:

- a) Minimization requires that the intercepting officer must use his/her judgement and background knowledge of the criminal investigation and its participants, together with facts and circumstances that develop in the overheard conversations, to refrain from intercepting nonpertinent, innocent, or privileged conversations as they take place.
- b) Judgements concerning minimization decisions shall be based on the knowledge possessed by the interception officer at the time of the decision. Examples of factors to be considered are as follows:
 - 1) The nature and scope of the criminal activity being investigated.
 - 2) The use of ambiguous, guarded, coded, or foreign language.
 - 3) The location of the telephone or facility.
 - 4) The expectation of the intercepted conversation containing statements relating to criminal conduct.
 - 5) The likelihood of the interception containing privileged communications.
- c) Officers authorized to supervise the interception of private oral communications shall, if possible, ascertain the identities and phone numbers of targeted conspirators, spouses, attorneys, clergymen, and physicians. Such available information shall be disseminated to all officers charged with responsibility for intercepting the referenced communications in order to assist in identifying potentially privileged communications.
- d) Minimization shall be a simultaneous process involving the cessation of audio interception, monitoring and recording, and the registering of such information on the output tape of the dialed number recorder (if such device is utilized). All such transactions shall be documented on the Intercept Log.
- e) Spot monitoring of apparently privileged and nonpertinent conversations shall be permitted in order to ensure that such conversations do not lose their privileged and innocent character. This process shall be used to safeguard against instances where conspirators assume the identities of privileged parties to initiate nonpertinent conversations to mask criminal communications. All such spot monitoring shall be reflected on the Intercept Log.

Section 1295.60 Documentation Requirements

The following documents shall be completed and maintained with respect to any interception of private oral communication authorized by the Act:

- a) Monitor's Intercept Log shall be maintained. It shall include the monitor's name(s); the date and shift; the intercept case number; the cassette number; the name of the subject; the court order number; and

NOTICE OF ADOPTED RULES

for each call, identification of the call as outgoing or incoming and the caller and called parties; the start and finish time of the call; the tape footage; whether the call was pertinent; whether any minimization was required; if any spot checks were made; a summary of the call; and the initials of the party making the entry.

- b) Monitor's Post Log shall be maintained. It shall include the case number; the shift and date; the case investigator; and for each individual present at the monitor post, the person's name and agency; the time in and time out of the monitor post; the person's reason for being at the monitoring post; and an acknowledgement that the person is aware of all instructions from judges, prosecutors, and supervising officers concerning the execution of the court order authorizing the intercept.
- c) Investigative Report by each officer participating in the electronic surveillance shall be completed. It shall include the times and dates of the officer's surveillance; a list of the calls monitored by the officer and the pertinent information derived; and the steps taken to secure and safeguard the evidentiary tapes generated.

Section 1295.70 Evidence Handling Procedures

The following procedures shall apply to the handling of evidence tapes generated pursuant to these provisions:

- a) A new cassette tape shall be placed in the recorder at the beginning of each shift, regardless of whether or not conversation has been recorded by officers assigned to the previous shift.
- b) The recording tabs will immediately be broken off upon removing the cassette from the recorder. Such action must precede any other, including the rewinding of cassettes.
- c) Each cassette shall be marked and placed within its own individual evidence envelope. Notations shall be entered on the exterior of referenced evidence envelope identifying its contents.
- d) At the conclusion of the shift, all such evidence envelopes shall be placed within a larger evidence envelope in company with any related original register tape from the dialed number recorder and the original Intercept Logs for the shift. Identifying information must then be entered on the envelope which contains the cassettes, logs, and register tapes. Such information shall include, but is not limited to, the following:
 - 1) Information identifying the specific investigation.
 - 2) A listing of the individual exhibits which the envelope contains.
 - 3) The inclusive times and dates during which the referenced evidence exhibits were obtained.
 - 4) The identity of the interception officer(s).
- e) The envelope, containing the referenced documents and cassettes, shall then be deposited in an evidence locker or other secure facility.
- f) Officers shall retain copies of the referenced documents and cassettes for investigative and disclosure purposes as authorized by law.

Section 1295.80 Specifications for Materials and Equipment

The materials and equipment used for electronic criminal surveillance shall be of a type and quality sufficient to satisfy the requirements of the Act and ensure adequate collection and preservation of evidence. The following standards shall be met or exceeded:

- a) Dialed Number Recorder equipment shall:
 - 1) Operate in direct connect, loop extender, or slave modes.
 - 2) Include audio monitoring capabilities.
 - 3) Document minimization incidents.
 - 4) Include real time monitor for display and printer.
 - 5) Include capacity to drive audio recorders.
 - 6) Include battery backup sufficient to maintain operation in the event of power outage.
 - 7) Include key pad controls to facilitate minimization.
 - 8) Include controls to enable 1-button minimization action.
- b) Audio recording equipment shall be 3-head audio cassette format with counter.
- c) Audio recording tapes shall be virgin leaderless standard cassette format with one mil minimum thickness and shall only be used to record on one side of tape.
- d) The make, model, and serial numbers of all equipment used for electronic criminal surveillance under the provisions of the Act and this Part shall be registered by the Department.

- 9) Notice of proposal published in Illinois Register:
October 7, 1988, 12 Ill. Reg. 15952
- 10) Has JCAR issued a Statement of Objections to these rules?

No

11) Differences between proposal and final version:

The Department, in Sections 534.210(a)(2), (3), (5) and (6), moved the periods outside the closing parentheses.

In Sections 534.210(a)(9) and 534.210(b), the Department added parentheses around the years which were cited.

The Department, in compliance with the Code Division's comment and JCAR's editing changes, grammatically reworked the references to the Department of Rehabilitation Services' rules and CDB's rules in Sections 534.210(a)(1)(D), (H) and (b).

The Department, in agreement with JCAR, changed the text of Section 534.210(a)(1)(E)(i).

The Department reinserted the comma following "Blind" in Sections 534.210(a)(1)(D) and (H) in the text of the

adopted rulemaking, but did not indicate them as having been added as new language.

- 12) Have all the changes agreed upon by the agency and JCAR been made as indicated in the agreement letter issued to JCAR? Yes
- 13) Will this rule replace an Emergency Rule currently in effect? No
- 14) Are there any amendments pending on this Part? No
- 15) Summary and purpose of rules:

At this time, the Department is amending Part 534, the Department's existing rules on the placement of vending machines in rest area facilities, in response to an objection from the Joint Committee on Administrative Rules (JCAR). The Department worked closely with the staff of the Joint Committee when these rules were first promulgated, and, in agreement with JCAR, made extensive changes before adopting them.

During prehearing conferences on the previously proposed rules, the JCAR staff analyst stated that a major concern for the Joint Committee was the problem of what the size standard should be describing which rest area facilities will and will not use vending. The Department was instructed by the JCAR staff analyst to provide language describing the minimum size standard for lobby space in rest areas and to insert this standard in Section 534.210, IDOT/IDORS Responsibilities, or face an objection. Notwithstanding its belief that the rule adequately addressed this issue, the Department complied with the Joint Committee's request and provided the JCAR staff with the 700 square feet minimum size standard for lobby space in rest areas. The Department determined and explained to the JCAR staff that 550 square feet would be necessary for the lobby area including storage, and an additional 150 square feet would be necessary to accommodate vending. To prevent the rest area lobby from being transformed into a vending facility, the Department determined that 700 square feet is the minimum space necessary to accommodate the vending program. The Department believes it has sufficient authority under Section 9-113.1(b) of the Illinois Highway Code to determine that vending operations will not be placed in rest area facilities that have less than 700 square feet.

DEPARTMENT OF TRANSPORTATION

NOTICE OF ADOPTED AMENDMENT

Section 9-113.1(b) of the Illinois Highway Code reads in part as follows:

The Department [of Transportation] may permit the placement and operation of vending machines in safety rest areas constructed or located on rights-of-way of non-toll fully access controlled State highways. The Department shall adopt rules and regulations governing the type of services provided, location and operation of machines, and all other aspects necessary to provide the best public service consistent with federal and State statutes.

Subsequent to the Department's discussions with the JCAR staff on the issue of the size standard, the Joint Committee issued its first objection to these rules. The Joint Committee contends that the Department lacks the statutory authority to determine that a vending operation will not be placed in a rest area facility that has less than 700 square feet. The Department responded to the Joint Committee's objection by refusing to modify or withdraw its proposed rulemaking to meet the objection.

After publishing the Department's response in the Illinois Register, the Department adopted the rule over the JCAR objection. A short time later, the Department received a letter stating that the Department, in offering to provide the standard and adopting it over the Joint Committee's objection, had made a substantive change in violation of Section 5.01(b) of the Illinois Administrative Procedure Act (IAPA). Specifically, that the Department did not adopt the rule in the agreed upon form. The Department stated in response to this problem that it was the Department's understanding that language suggested and directed by the staff of the Joint Committee during prehearing conferences is language agreed upon between the agency and the Joint Committee and not in violation of Section 5.01(b) of the IAPA.

Section 5.01(b) of the IAPA states in part as follows:

After commencement of the second notice period, no substantive change may be made to a proposed rulemaking unless it is made in

DEPARTMENT OF TRANSPORTATION

NOTICE OF ADOPTED AMENDMENT

response to an objection or suggestion of the Joint Committee (emphasis added).

The Department decided and further notified the Director of the Joint Committee that Part 534 would go through the amendatory rulemaking process to correct the technical misunderstanding concerning the inclusion of the size standard in the rule.

Before the Department had an opportunity to submit the amendatory rulemaking to the Secretary of State's Office, the Joint Committee issued an objection to the Department's existing rules. The Department responded once again to the Director of the Joint Committee on Administrative Rules notifying him of the intention of the Department to amend the existing rules to correct the technical misunderstanding and to comply with Section 5.01(b) of the IAPA.

Therefore, the Department is deleting Section 534.210(c), the aforementioned express minimum space requirement, established at the suggestion of the Joint Committee, in response to the Joint Committee's objection to the Department's existing rules on the placement of vending machines in rest areas.

E) The Vendor or Private Contractor shall provide an effective method for the return of lost monies to patrons through one of the following procedures:

- i) Refunds made directly to the customer by the Vendor or Private Contractor or an employee of the Vendor's or Private Contractor employee.
- ii) Refunds made through the use of refund request cards which can be mailed by the customer to an address specified by IDORS. The cards will identify the vending machine that did not operate properly, the date, time, and type of problem. IDORS will determine whether the refund request is valid and will handle the refund.

F) The Vendor or Private Contractor shall provide the IDOT with the name and telephone number of the person who should be contacted for response when problems with the vending operations arise during time periods when no Vendor or Private Contractor personnel are present at a rest area.

G) The Vendor or Private Contractor shall assume all responsibility for liability resulting from the operation and maintenance of vending machines.

H) The Vendor or Private Contractor shall provide that personnel assigned to service vending machines wear work uniforms which have been approved by both IDOT and IDORS pursuant to Section 650-1000 of the rules of as explained in the Department of Rehabilitation Services' rules entitled "Vending Stand Program for the Blind", 89 Ill. Adm. Code 650.1000 at the rest area sites.

I) Whenever complaints having to do with the quality of service or goods, the activities of Vendor or Private Contractor employees, or return of lost monies, are made to IDOT or IDORS from vending customers at a vending site and the complaints exceed one per day, the Vendor or Private Contractor shall make improvements in vending

5) Effective Date of Amendments: January 27, 1989

6) If this Emergency Amendment is to expire before the end of the 150-day period, please specify the date on which it is to expire: N/A

7) Date Filed in Agency's Principal Office: January 27, 1989

8) Reason for Emergency: These emergency amendments are urgent because increased regulation of underground storage tanks necessitates that greater aboveground storage be allowed.

9) A Complete Description of the Subjects and Issues Involved: Storage of combustible and flammable liquids in outside aboveground tanks is being allowed to a greater extent. The situations in which such tanks are allowed and the safety requirements on such tanks are specified. Kerosene is being allowed to be stored aboveground inside buildings in containers and tanks, and aboveground outside buildings in tanks; safety requirements are imposed on all methods of kerosene storage. All rules regarding aboveground storage are subject to home rule modification.

Section 180.10 Definitions Classes-of-Flammable-Liquids-Defined
EMERGENCY

a) For-the-purposes-of-the-Rules-and-Regulations-of-the-Office-of-the-State-Fire-Marshal-on-the-subject-of-Gasoline-and-Volatile-Oils, flammable-liquids-are-divided-into-three-classes,-according-to-flash point,-as-follows:

CLASS-I---Liquids-with-a-flash-point-at-or-below-25-degrees-Fahrenheit-(4-degrees-Centi-grade)-closed-cup-tester.

NOTICE OF EMERGENCY AMENDMENTS

CLASS II—Liquids with a flash point above that for Class I and at or below 70 degrees Fahrenheit (21 degrees Centigrade) closed cup tester.

CLASS III—Liquids with a flash point above that for Class II and at or below 200 degrees Fahrenheit (93-113 degrees Centigrade) closed cup tester.

- b) The flash point shall be as determined with the Elliott, Abel, Abel-Pensky or the Tag closed cup testers, but the Tag closed cup tester (standardized by the National Bureau of Standards) shall be authoritative in case of dispute. All tests shall be made in accordance with the methods adopted by the American Society for Testing Materials.

- c) Representative examples of the classes of flammable liquids are:

<u>CLASS I</u>	<u>CLASS II</u>	<u>CLASS III</u>
Ether	Alcohol	Kerosene
Carbon disulfide	Amyl acetate	Amyl alcohol
Gasoline	Toluol	Turpentine
Naphtha	Ethyl acetate	Fuel Oil
Benzol	Methyl acetate	
Acetone	Methyl alcohol	
Cetolene		

- a) "Liquid" means material which has a fluidity greater than that of 300 penetration asphalt when tested in accordance with ASTM D-5-78. Test for Penetration for Bituminous Materials is a "liquid". When not otherwise identified, the term "liquid" shall mean both flammable and combustible liquids.

- b) "Combustible liquid" means a liquid having a flash point at or above 100°F. Combustible liquids shall be subdivided as follows:

- 1) Class II liquids shall include those having flash points at or above 100°F and below 140°F;
- 2) Class IIIA liquids shall include those having flash points at or above 140°F and below 200°F; and
- 3) Class IIIB liquids shall include those having flash points at or above 200°F.

- c) "Flammable liquid" means a liquid having a flash point below 100°F and having a vapor pressure not exceeding 40 lbs per sq in. (absolute) at 100°F. Any flammable liquid shall be known as a Class I liquid; Class I liquids shall be subdivided as follows:

NOTICE OF EMERGENCY AMENDMENTS

- 1) Class IA shall include those having flash points below 73°F and having a boiling point below 100°F;

- 2) Class IB shall include those having flash points below 73°F and having a boiling point at or above 100°F; and

- 3) Class IC shall include those having flash points at or above 73°F and below 100°F.

"Flash point" means the minimum temperature at which a liquid gives off vapor in sufficient concentration to form an ignitable mixture with air near the surface of the liquid within the vessel, as specified by appropriate test procedure and apparatus as follows:

- 1) The flash point of a liquid having a viscosity less than 45 SUS (Standard Units Saybolt) at 100°F and a flash point below 200°F shall be determined in accordance with ASTM D 56-82, "Standard Method of Test for Flash Point by the Tag Closed Tester";

- 2) The flash point of a liquid having a viscosity of 45 SUS or more at 100°F or a flash point of 200°F or higher shall be determined in accordance with ASTM D 93-80, "Standard Method of Test for Flash Point by the Pensky-Martens Closed Tester";

- 3) As an alternate, ASTM D 3828-81, "Standard Method of Test for Flash Point of Petroleum and Petroleum Products by Setflash Closed Tester", may be used for testing aviation turbine fuels within the scope of this procedure;

- 4) As an alternate, ASTM D 3278-82, "Standard Method of Test for Flash Point of Liquids by Setflash Closed Tester", may be used for paints, enamels, lacquers, varnishes, and related products and their components having flash points between 32°F and 230°F, and having a viscosity lower than 150 stokes at 77°F; or

- 5) As an alternate, ASTM D 3828-79, "Standard Test Methods for Flash Point of Liquids by Setflash Closed Tester", may be used for materials other than those for which specific Setflash Methods exist (cf., ASTM D 3243-77 for aviation turbine fuels and ASTM D 3278-78 for paints, enamels, lacquers, varnishes, related products and their components).

- e) "ASTM" - American Society for the Testing of Materials.

- f) "NFPA" - National Fire Protection Association.

- g) "Container" means any vessel of 60 U.S. gal or less capacity used for transporting or storing liquids.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF EMERGENCY AMENDMENTS

- b) "Facility" means any location or site within a single perimeter (including all contiguous land and structures, and other appurtenances and improvements) where there is storage of flammable or combustible liquids.

Section 180.20 Aboveground Storage -- Dispensing Small-Storage-Limited

- a) Storage of Class I, II and or III liquids shall be in accordance with 41 Ill. Adm. Code 160 and 41 Ill. Adm. Code 170 except aboveground storage for dispensing may occur at the following facilities under the following circumstances:

- 1) Agricultural storage, which is limited to farms, tree nurseries, fish farms, tree farms, sod farms or orchards;
- 2) Storage at commercial, industrial, governmental or manufacturing establishments for fueling vehicles used in connection with their business;
- 3) Storage at construction sites for refueling construction equipment; or
- 4) A waiver allowing aboveground storage may be granted where it is infeasible to require underground storage, and aboveground storage shall be in compliance with 41 Ill. Adm. Code 160 -- except that all such aboveground tanks shall be placed on a concrete slab which covers at least the entire base of the tank.

- b) Dispensing at the facilities specified in subsection (a)(2) (3) or (4) shall only be in accordance with the following:

- 1) After an inspection of the premises and operations has been made and approval granted by the Office of the State Fire Marshal;
- 2) The dispensing is done on premises not open to the public;
- 3) The tanks are safeguarded against collision, spillage or overflow to the satisfaction of the authorities having jurisdiction;
- 4) Each tank system is listed or approved for such aboveground use by the Office of the State Fire Marshal;

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF EMERGENCY AMENDMENTS

- 5) A top-fill opening shall be provided and shall be equipped with a closure designed so that it may be locked;
- 6) A vent shall be provided to relieve such vacuum or pressure as will develop in normal operation; such vent shall have a minimum unobstructed opening of 1-1/2 inches in diameter;
- 7) Tanks shall be equipped with a permanently attached pumping device listed by Underwriters Laboratories or FM Engineering; the pump shall be equipped with a padlock to prevent tampering; an effective antisiphoning device shall be included in the pump discharge and siphons or internal pressure discharge devices are prohibited; gravity method of discharge is prohibited;
- 8) Tanks for the storage of flammable or combustible liquids for limited use shall be marked with the name of the product which they contain and "FLAMMABLE - KEEP FIRE AND FLAME AWAY", both in letters at least four inches high and in contrasting color from the tank on which they are marked;
- 9) Tanks for limited storage of flammable or combustible liquids in a maximum of two aboveground containers per facility of up to 2,500 gallons each shall be allowed, provided such liquid is stored outside buildings in containers of single compartment design and constructed throughout of steel and made vapor tight; tanks shall be designed and constructed according to standards specified in Part 160; and
- 10) Tanks as provided in subsection (b) shall be kept outside and at least 30 feet from any building, or combustible or flammable stored liquid, and shall be so located or such additional distance to buildings shall be provided so as will insure that no vehicle, equipment or vessel being filled directly from such containers shall be closer than 30 feet to any building, combustible stored liquid, LP gas tank or property lines, except that a tank protected within a two-hour fire resistant enclosure may be located adjacent to a structure after a request in writing to construct such an enclosure has been submitted to the Office of the State Fire Marshal, and the Office has issued an approval in writing;

1) Agricultural-(Farm)-Storage-of-Flammable-Liquids

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF EMERGENCY AMENDMENTS

- B) A fill opening shall be provided and shall be equipped with a closure designed so that it may be locked.
- C) A vent shall be provided to relieve such vacuum or pressure as will develop in normal operation. Such vent shall have a minimum unobstructed opening of 1 1/2 inches in diameter.
- D) Containers as provided in this sub-section shall be kept outside and at least 50 feet from any building or combustible stored materials, and must be so located or such additional distance to buildings must be provided so as will insure that no vehicle, equipment or vessel being filled directly from such containers shall be closer than 50 feet to any building, combustible stored materials, LP gas tanks or property lines. Combustible materials have the meaning as defined in Fire Prevention Handbook (15th ed.) published by NFPA.

2) It is permissible to have agricultural (farm) storage of flammable and combustible liquids in aboveground containers of 60 to 2500 gallons total aggregate capacity provided such liquid is stored outside buildings in containers of single compartment design and constructed throughout of steel and made vapor-tight. Metal thickness shall be as follows:

MATERIAL THICKNESS

GALLONS

07300	14 Gauge
307/1000	12 Gauge
1007/2500	7 Gauge

3) Containers constructed and located as provided in this subsection shall be designed with all openings in the top of the tank and shall be mounted and equipped as follows:

A) Stationary Containers

- 1) Stationary containers shall be mounted on timbers or blocks approximately six inches in height so as to protect the bottom of the container from corrosion from contact with the ground and placed to be in a position to avoid movement from vibration filling or dispensing operations or containers may at the option of the user be equipped with attached metal legs resting on shoes or runners to be at least one tank diameter apart, which in turn

OFFICE OF THE STATE FIRE MARSHAL

rests upon the ground, designed so that the container is supported in a stable position as stated above and so that the entire container and its supports may be moved as a unit.

- 1) Containers shall be equipped with a permanently attached pumping device listed by Underwriters Laboratories or FM Engineering. The pump shall be equipped with a padlock to prevent tampering. An effective anti-siphoning device shall be included in the pump discharge. Siphons or internal pressure discharge devices are prohibited.

B) Containers Elevated for Gravity Discharge. Containers may be designed with an opening in the bottom or the end of the tank for gravity dispensing of flammable liquids and shall be mounted and equipped as follows:

- 1) Supports to elevate the tank for gravity discharge shall provide stability.
- 2) Bottom opening for gravity discharge shall be equipped with an internal safety valve which will close automatically in the event of fire through the operation of a heat-releasing device and which may also be operated manually.

4) Marking of Containers. Containers for the storage of flammable liquids for agricultural (farm) use shall be marked with the name of the product which they contain and FLAMMABLE. KEEP FIRE AND FLAME AWAY. Containers of 60/2500 gallons capacity shall bear the additional marking KEEP 50 FEET FROM BUILDINGS.

5) For personal or private use, 12 gallons of kerosene may be stored aboveground in blue approved containers which meet the requirements of NFPA-30 (1981) 4-2 and 60 gallons may be stored for the retail trade within a building providing storage is in a tank of at least 14 gauge steel or aluminum. The tank shall set in a metal pan extending at least 8 inches beyond outside of tank at sides and rear and 18 inches in front.

C) Storage of kerosene inside buildings.

1) At a facility for personal or private use, a maximum of 12 gallons of kerosene inside buildings may be stored aboveground in containers which meet the requirements of NFPA 30 (1987).

NOTICE OF EMERGENCY AMENDMENTS

2) Sixty gallons may be stored at a facility for retail trade within a building, providing storage is in compliance with the following:

A) Storage is in a tank of at least 14 gauge steel or aluminum;

B) The tank shall set in a metal pan extending at least eight inches beyond the sides and rear of the tank and 18 inches beyond the front;

C) A) The tank may shall be located only on the first floor in an area supplied with natural light and ventilation; and

D) B) The room or area shall must be separated from any heat producing appliance, such as a hot water heater, furnace, or space heater (radiators and hot air ducts are not considered heating appliances for this purpose) by one hour fire resistance as defined in ASTM (American Society for the Testing of Materials) E 119 (1979); and

E) C) The dispensing nozzle, or spigot, shall be spring loaded so as to return to the off position when pressure is stopped (sometimes-called-a-deadman-type-of-spigot) and so that pressure is constantly required to cause the release of kerosene; and

F) D) The tank shall must be blue in color marked with the word "Kerosene" in letters at least two inches high in contrasting color; and

G) E) The tank shall be a skid tank or on a noncombustible base and the area under the tank and for 24 inches in all directions shall be either paved or covered with gravel, and kept free of vegetation and flammable or combustible material.

d) b) Storage of kerosene outside buildings shall be in accordance with 41 Ill. Adm. Code 160 and 170, 41-111, Adm. Code 160 and 41-111, Adm. Code 170, except a maximum of three hundred 550 (300) gallons of kerosene (total-aggregate) may be kept aboveground at a facility outside-of-buildings (including at service stations) in a tank container or tanks containers of 550 300 gallons or less capacity under the following conditions:

1) When located at a service station, the dispensing tanks shall be in a location at least eight 8 feet away from driveways and

other areas used by vehicles for customers or to deliver products;

2) The dispensing nozzle, or spigot, shall be spring loaded so as to return to the off position when pressure is stopped, and so that pressure is constantly required to cause the release of the product kerosene;

3) The tanks shall must be on a noncombustible base and the area under the tanks and for twenty-four (24) inches in all directions shall be either paved or covered with gravel and kept free of vegetation and combustible material;

4) The tanks shall must be blue in color and labeled with the word "Kerosene" in letters three (3) inches high in height in a contrasting color;

5) The nozzle or spigot shall be locked when the product is not being dispensed;

6) The product may only be dispensed by the owner, or an employee of the owner, lessor or lessee of the facility, or their employees of the facility. No self-service of kerosene from aboveground tanks shall be allowed; no self-service of kerosene from an aboveground tank shall be allowed.

7) A sign with the following caution shall be posted at the point of sale and the dispensing point. This sign shall be of all-weather material and not less than 12" x 18" in size with the letters on a contrasting background. These signs shall read as follows: "Caution-Portable Unvented Kerosene Heaters-Must Only Be Fueled With Grade-1-K Kerosene."

8) Where other grades of kerosene than 1-K are offered for sale the grade of kerosene must be identified at the points of sale or dispensing.

e) For personal or private use, not to exceed two (2) six-gallon containers of Class I, II or III liquids may be kept on hand if stored in a container, which meets National Fire Protection Association #30 (1981) §4.2, remote from flame or open fire. Such storage must not be in any cellar, basement or pit and should be in a room with direct ventilation to the outside and preferably in an out-building.

e) Any spill of Class I, II or III liquids in excess of 20 gallons at any facility they may be dispensed at pursuant to Section 180.20.

6) If this Emergency Amendment is to expire before the end of the 150-day period, please specify the date on which it is to expire: N/A

7) Date Filed in Agency's Principal Office: January 27, 1989

8) Reason for Emergency: P.A. 85-0861 requires the registration of underground tanks which store regulated substances, assesses an annual fee on underground petroleum storage tanks, assesses a late registration fee on regulated tanks which pursuant to the Act should have been registered prior to September 24, 1987 but which were not; the Act requires the registration of installers, repairers, replacers or removers of underground storage tanks containing regulated substances and assesses fees for performing such activities; also, it requires the registration of and assesses an annual fee on testers of underground storage tanks which contain regulated substances. It is important to clarify and specify the requirements implementing the Act.

Emergency pressure testing is prohibited on tanks containing flammable or combustible liquids because it is hazardous. There is some uncertainty as to what constitutes an "abandoned" or "temporarily out of service" underground storage tank, since these have been of increasing interest. The criteria defining them needs to be clarified. There is a need to coincide as close as possible with the effective date (December 22, 1988) of new federal regulations on underground storage tanks (40 CFR 280 and 281). Also, the 30 day notice requirement for removal of tanks is necessary to comply with the federal code.

OFFICE OF THE STATE FIRE MARSHAL
NOTICE OF EMERGENCY AMENDMENTS

- 9) A Complete Description of the Subjects and Issues Involved: Owners of registered underground petroleum storage tanks are required to pay an annual fee; this proposed emergency amendment states when, by what method and to whom such payments are to be made. P.A. 85-0861 requires a registration fee for underground storage tanks required to be registered prior to September 24, 1987 but which were not; this proposed emergency amendment states by what method and to whom such payments are to be made. This proposed emergency amendment clarifies the terms "abandonment" and "temporarily out of service", regarding underground storage tanks; a certification that the tank has not leaked in order to obtain a waiver allowing a tank to be abandoned in place is required; paragraphs in Section 170.75(d) and (e)(4) were joined. Also, the notice requirement to remove underground storage tanks was changed from seven to 30 days to comply with federal regulations (40 CFR 280 and 281). P.A. 85-0861 requires installers, repairers, replacers or removers of underground storage tanks to register, pay an annual fee and pay a permit fee to perform such activities; the Act also requires testers of underground storage tanks to pay an annual registration fee; this proposed emergency amendment states when and to whom such payments are to be made, and requires the submission of test results. For safety reasons, air pressure testing of underground storage tanks after installation is prohibited.

Section 170.10 Definitions
EMERGENCY

- a) -A- "Service station" is means any place of business where gasoline, fuel oil or any other volatile fuels for motor vehicles or internal combustion engines are sold or offered for retail sale, at retail, and/or dispensed into the fuel tanks of such motor vehicles, or into approved containers as defined in Section 170.150, except hobby shops and small engine repair facilities.
- 1) This definition shall include also the private storage and dispensing of such products for the same purposes as those served by a service station, whether the storage is maintained for the use or benefit of the owner, lessee, agents or employees of either, or of any others.
- 2) The requirements covering service stations shall also govern underground storage maintained at general storage plants and places other than service stations, so far as applicable.

b) Other-Definitions

b1) "ANSI" - American National Standards Institute.

c1) "ASTM" - American Society for Testing and Materials.

Section 170.71 Registration of Underground Storage Tanks EMERGENCY

The owner of any underground tank used to store regulated substances since January 1, 1974 shall register any such tank on forms prescribed by the Office of the State Fire Marshal, and the owner of any registered underground petroleum storage tank shall pay an annual fee of \$100 on or before 90 days from the date on the invoice requesting payment of the fee. The payment is to be by check or money order made payable to "Office of the State Fire Marshal".

Section 170.72 Late Registration Fee EMERGENCY

The owner of any underground storage tank which contained petroleum or petroleum products or hazardous substances required to be registered with the Office of the State Fire Marshal between January 1, 1974 and September 24, 1987, and who did not so register, shall do so and pay the Office of the State Fire Marshal a registration fee of \$500 by check or money order made payable to "Office of the State Fire Marshal".

Section 170.73 Access to the Underground Storage Tank Fund EMERGENCY

- a) Payment of annual fee. The owner of an underground petroleum storage tank who has been assessed an annual fee shall not be entitled to monies from the Underground Storage Tank Fund for the year such annual fee was assessed, unless the assessment has been paid in full or the entitlement to such fund occurs within the first 90 days, commencing from the date of the first invoice that assessed the annual fee for that calendar year.
- b) Payment of late registration fee. The owner of an underground petroleum storage tank who has been assessed a late registration fee shall not be entitled to monies from the Underground Storage Tank Fund, unless the assessment has been paid in full or the entitlement to such fund occurs within the first 90 days, commencing from the date of the first invoice that assessed the late registration fee.
- c) Beginning January 1, 1992, or 90 days from the date of the first annual invoice for the calendar year 1991, whichever date is later, no underground petroleum storage tank owner shall be entitled to monies from the Underground Storage Tank Fund until all annual and late registration fees are paid in full.
- d) For purposes of Section 170.73, the terms "entitled" or "entitlement" refer to monies underground petroleum storage tank owners may be qualified to access from the Underground Storage Tank Fund on a per tank, per occurrence basis for corrective action only. When a tank owner is otherwise entitled to such funds, except that owner is not qualified pursuant to subsections (a) (b) or (c), the owner may never qualify to access the fund for that particular tank, for that particular occurrence. However, provided the tank owner has complied with subsections (a) (b) and (c) regarding other tanks, the tank owner may qualify to access the fund for corrective action necessitating from the respective tanks, and if the tank owner complies with subsections (a) (b) and

(c), regarding a tank that had otherwise been a state of noncompliance at the time it necessitated corrective action, the owner may qualify to access the fund regarding subsequent corrective actions.

Section 170.75 Abandonment of Underground Storage Tanks, or Change of EMERGENCY Occupancy

For the purposes of this Section, "abandonment" is defined as the relinquishing of an underground storage tank to non-use for one year. However, if during that one-year period the owner of the underground storage tank submits in writing a statement to the Office of the State Fire Marshal that the tank will be reused within the immediately subsequent 12-month period, the tank will not be considered abandoned until the end of a two-year period and will be considered "temporarily out of service" if the required criteria are complied with during that initial one-year period. An underground storage tank abandoned for a one-year period and which has not been conformed to the criteria of a temporarily out of service tank within that period may not then comply with those criteria and be classified as temporarily out of service.

For the purposes of this Section, "abandonment" is defined as the relinquishing of the property to other uses or non-use for one year of non-use. However, if the owner of the property states that the property will be reused as a service station within a 12-month period, the facility will not be considered abandoned until the end of a 2-year period.

- a) Temporarily out of service tanks may be left in place up to one year provided that for a period of two years commencing from the date of non-use, provided the following criteria constituting temporarily out of service tanks are complied with during the first year of such non-use:
 - 1) All products are removed;
 - 2) The tank is filled with a solution of water and inerting chemicals to reduce the oxygen content in the enclosed space to a concentration at which combustion cannot take place;
 - 3) All fill, gauge, suction or other lines, except vents, are capped.
- b) Permanent Abandonment (more than one year). Tanks abandoned for more than one year shall be removed from the site within the

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF EMERGENCY AMENDMENTS

immediately subsequent year unless a waiver is granted pursuant to subsection (e) below. The process for such abandonment shall be:

- 1) Remove all flammable or combustible liquids from tank and from connecting lines~~;~~
- 2) Disconnect piping at all tank openings~~;~~
- 3) Remove sections of connecting lines which are not to be used further, and cap or plug all tank openings~~;~~
- 4) Remove tanks from ground~~;~~
- 5) After removal, the tank may be gas freed (vapors from the combustible or flammable liquid from the tank are not present in a concentration sufficient to support combustion) on the premises as required by NFPA 327 (1982) (1987) or may be transported to an area not accessible to the public and the gas freeing completed at that location.

c) Disposal of Tanks

- 1) If a tank is to be disposed of as junk, it shall be retested for flammable vapors, and if necessary, rendered gas free (vapors from the combustible or flammable liquid from the tank are not present in a concentration sufficient to support combustion). After junking removal and before releasing to junk dealer, a sufficient number of holes or openings (at least 2% of the total surface area of the tank) should be made in it to render it unfit for further use. NFPA 327, (1982) (1987) "Standard Procedures for Cleaning or Safeguarding Small Tanks and Containers", provides information on safe procedures for such operation.
- 2) Notice of removal of abandoned tanks shall be given to the Office of the State Fire Marshal, Division of Fire Prevention, in writing, at least one-week 30 days prior to the removal, giving the location of the underground tank, the size of the tank, and any other information which would help identify which tank has been is to be removed if there is more than one tank underground at that location~~;~~ unless such action is in response to corrective action. The required assessment of the excavation zone under Section 170.620 must be performed after notifying the Office of the State Fire Marshal but before completion of the removal. The 30 day notice requirement applies to all UST tanks and does not exclude any farm, residential or heating oil tank regardless

of capacity. If any emergency exists where life safety or ground water is threatened verbal approval shall be given to remove a tank; however, a notice in writing must be received by this office within one week after removal. Examples of such an emergency may include, but are not limited to, volatile gas accumulation and leaking tanks.

- d) Abandoned tanks filled with sand or pea gravel prior to October 1, 1985, need not be removed; however, the owner(s) must shall provide documentation of fill material and date of fill. The documentation may be a receipt or a written statement from the contractor who did the fill, or a statement from the inspector who inspects the tank. Such documentation is due upon request by the Office.
- e) Waiver of the removal requirement for underground tanks, allowing them to be abandoned in place, shall be granted where it would be infeasible to remove the tank due to loss of adjacent and/or adjacent support of nearby structures, railroad tracks, streets as defined in Section 1-201 of the Illinois Vehicle Code (Ill. Rev. Stat. 1985 1987, ch. 95 1/2, par. 1-201) or other tanks. The following criteria must be met:
 - 1) A complete drawing, or plan or diagram of the area must shall be provided and show the location of tanks, fill pipes, vent lines, sewers, streets, product lines and buildings~~;~~
 - 2) A statement of need shall be provided, which includes but is not limited to facility name and location; number and size of tanks involved; and an explanation of why the waiver is requested~~;~~
 - 3) A certification shall be provided to this office that the subject tanks are not currently leaking, nor have leaked in the past;
 - 3) 4) The tanks shall be filled with inert material (not concrete), such as sand, soil products (such as clay, gravel and bentonite), or other materials specifically approved by the Office. The procedure for filling shall be in accordance with Sections 3.1 - 3.5, and 4.1.1 of the American Petroleum Institute's document entitled "Removal and Disposal of Used Underground Petroleum Storage Tanks" (API 1604) (1987). This incorporation by reference shall contain no later edition or amendments. This document is on file for public inspection at the Springfield and Chicago offices of the Office of the State Fire Marshal. Copies may be obtained from the American

4) 5) Where a tank is allowed to be abandoned in place due to loss of support of adjacent tanks, the tank(s) shall be removed when the support is no longer needed. This shall be when the tank needing support is abandoned-1

5) 6) When underground tanks are abandoned in place, the owner of the tank shall keep a permanent record of the tank location, the date of abandonment, and the method of conditioning the tank for abandonment, and forward a copy of same to the Office-1

6) 7) Persons seeking a waiver shall provide all documentation required in this subsection to the Underground Storage Tank Coordinator of the Office of the State Fire Marshal. Only the State Fire Marshal or the Underground Storage Tank Coordinator shall grant such a waiver.

Section 170.106 Installer, Repairer or Remover of Underground Storage Tanks
EMERGENCY

Any person who is an installer, repairer or remover of underground storage tanks is to register with, and

- a) Pay an annual registration fee of \$100 to the Office of the State Fire Marshal on or before 30 days from the date on the invoice requesting payment of the fee. The payment is to be by check or money order made payable to "Office of the State Fire Marshal".
- b) Pay \$100 per site to the Office of the State Fire Marshal for a permit to install, repair, remove or abandon in place underground storage tanks.

- 1) This fee is to be paid by check or money order made payable to "Fire Prevention Fund".
- 2) This fee is waived regarding all persons who repair an underground storage tank for themselves.
- 3) This permit expires six months from the date it is issued, except that the applicant may apply for and be entitled to one six-month extension of the permit during the time the

Section 170.107 Tester of Underground Storage Tanks and Cathodic Protection
EMERGENCY

Any person who is a tester of underground storage tanks or its piping or cathodic protection for another, except a lessor for his or her lessee, is to register with, and pay an annual registration fee of \$100 to the Office of the State Fire Marshal 30 days from the date on the invoice requesting payment of the fee. The payment is to be by check or money order made payable to "Fire Prevention Fund". The results of such tests are to be reported to the Office of the State Fire Marshal within one month from the date of each such test in a format prescribed by Office of the State Fire Marshal, except when a tank fails a test and is suspected of leaking, the result shall be submitted within three working days of the test.

- Section 417.30 Pool Calculations
EMERGENCY

An organization may select either of the following formats for conducting the Pick Six pari-mutuel pools shall be calculated as follows:

a) Daily Payout

- 1) Major Pool: Seventy-five percent (75%) of the daily net amount in the pool shall be distributed equally to the holders of pari-mutuel tickets which correctly designate the most official winners of the Pick Six races.

NOTICE OF EMERGENCY AMENDMENTS

- 2) Minor Pool: Twenty-five percent (25%) of the daily net amount in the pool shall be distributed equally to the holders of pari-mutuel tickets which correctly designate the second greatest number of official winners of the Pick Six races.

b) Carryover Pool

- 1) The daily net pool plus any accumulated carryover pool, as defined in Section 417.30(b)(2), shall be distributed equally to holders of pari-mutuel tickets which correctly designate the six official winners of the Pick Six races.
- 2) If no tickets are sold which correctly designate all six official winners of the Pick Six races, seventy-five percent (75%) of the daily net pool shall be carried over and added to the next Pick Six pool. This process shall be repeated each day that no ticket is sold which correctly designates all six official winners.
- 3) If no tickets are sold which correctly designate all six official winners of the Pick Six races, twenty-five percent (25%) of the daily net pool shall be distributed equally to holders of pari-mutuel tickets which correctly designate the most official winners of Pick Six races.

e) Consolation Pool: If a ticket designates as the selection to win in any one or more of the Pick Six races, a single wagering interest which is scratched or excused by the stewards or which is prevented from starting gate to open or which is otherwise determined to be a non-starter in the race for which selected, the value of that ticket shall be withdrawn from the Major and Minor Pick Six pools. The total net value of all such withdrawn pools shall be distributed equally as of consolation among the holders of such withdrawn Pick Six tickets which have a total of winnings and scratched selections, including at least one winner, to have qualified for at least the minor pool. However, if such ticket is entitled to participate in the Major or Minor

Pool outlined above, it will not be withdrawn from that pool. For example: If "75" - Major Pool and "25" - Minor Pool and "C" - consolation pool, and if some tickets holders have chosen 6 winners, the pools could be constituted as follows:

	0	1	2	3	4	5	Total # of Scratches
Winners	6	25	35	6	0	0	
of	4	0	0	0	0	0	
Total	1	2	3	3	0	0	

~~Comparable calculations can be drawn in fewer than six winners are selected.~~

Section 417.35 Scratches
EMERGENCY

In the event of a scratch in any Pick Six race, the betting favorite in such race shall automatically be substituted on any Pick Six ticket which included the scratched horse. The betting favorite shall be defined as the starter with the most dollars wagered in the win pool. In the event of a tie, the betting favorite shall be defined as the starter with the most dollars wagered in the win pool and with the lowest post position number.

EMERGENCY

- a) Each organization conducting a Pick Six pool shall distribute the accumulated carryover pool on the last scheduled race program of the race meeting unless the organization elects to carryover the Pick Six pool to a successive or intervening race meeting at the same racetrack. In no event shall a Pick Six pool be carried more than seven (7) calendar days without a race program being conducted. An organization's election to

NOTICE OF EMERGENCY AMENDMENTS

Carryover a Pick Six pool to a successive or intervening race meeting shall be made on the first day the Pick Six is offered and shall be communicated to the Executive Director and advertised in the official program.

- b) In the event of a mandatory distribution, the net pick Six pool including any carryover pool shall be distributed equally to holders of pari-mutuel tickets which correctly designate the most official winners of the Pick Six races.
- c) The Executive Director shall have the power to order a mandatory distribution prior to the last racing day of the race meeting.

NOTICE OF REFUSAL TO MEET THE OBJECTION OF
THE JOINT COMMITTEE ON ADMINISTRATIVE RULES

- 5) Date JCAR Statement of Objection Published in the Register:
December 30, 1988 12 Ill. Reg. 22478
- 6) Summary of Action Taken by the Agency:

The IELRB, unlike most state agencies, is an adjudicatory body, rather than a regulatory body. It interprets and applies the Illinois Educational Labor Relations Act to those parties appearing before it. Unlike many state agencies, the IELRB does not prosecute cases, but hears and decides cases based upon the facts and applicable case law as presented during the course of a trial. Decisions of the IELRB are directly appealable to the Appellate Courts of either the First or Fourth Districts. Just as a court of law would be unable to specify upon what basis it would decide a torts or contracts case, for example, before hearing the evidence, the IELRB is likewise unable to specify on what basis it will review hearing officer decisions until it is presented with the particular issues pending in the case before it.

Fair share fee litigation is relatively new throughout the judicial system and is very new to the IELRB. In its short life (almost five years), the IELRB has issued three fair share decisions, which concerned hundreds of objections. There are currently more than 600 fair share fee objections pending before the IELRB, which will soon be presented to a hearing officer. Because the law in the area of fair share is still developing and, therefore, in a state of flux, it would be futile to attempt to specify, with precision, the standards used to evaluate exceptions. If the IELRB were to attempt to list criteria, the rules would very possibly have to be revised upon issuance of each new decision. Such frequent revisions and amendments would be a time-consuming and never-ending process. To engage in such a continual process of rule revision would be an inefficient use of both IELRB and JCAR resources when the language of the rule specifies the standards with all the clarity and precision possible and "practicable."

6. Summary of Action Taken by the Agency:

At its January 9, 1989 meeting the Joint Committee objected to Sections 1409.120 and 1409.130 of the Board's rules because it felt the Board lacked the statutory authority to exempt from licensure shareholders of corporations and limited partners holding less than a 5% interest in an entity which owns a horse. That the Board has the authority to recognize and license partnerships and corporations as owners is not questioned by the Joint Committee. The Joint Committee questions the Board's authority to excuse any "owners of record" from undergoing at least a determination of eligibility for licensure, if not actual licensure.

The Board does require all partners and shareholders to be eligible for licensure, and if this is not the case the partnership or corporation will not be eligible for licensure. Consequently, the eligibility of the business entity is dependent on the eligibility of the individual collective owners. The Board feels that this procedure is in compliance with its statutory duties concerning licensure of owners. Since the corporate or partnership is the entity controlling the property rights to the horse, it is the owner of the horse and the Board then has the discretion to determine which of the individual constituent elements of the collective ownership requires licensure in addition to the corporate or partnership entity.

--1989 theme

WHEREAS, each year, more than two million Americans are burned and, of those, approximately 20,000 are fatalities; and

WHEREAS, each day alone, 2,470 burn-related injuries occur and 55 people die from them; and

WHEREAS, more than 35 percent of all burn-related injuries and deaths are to children under 14, with those under the age of two at greatest risk; and

WHEREAS, according to the Institute for Fire and Burn Education, teaching fire safety can reduce incidents of burn-related injuries by more than 75 percent;

THEREFORE, I, James R. Thompson, Governor of the State of Illinois, proclaim February 6-12, 1989, as BURN AWARENESS WEEK in Illinois, requesting citizens to join in the campaign to reduce burn-related injuries and deaths in our state.

Issued January 19, 1989. Filed January 30, 1989.

Earth Day

WHEREAS, protection and preservation of the world's environment has become a critical, immediate issue that is no longer the concern of only ecological activists; and

WHEREAS, "Earth Day" was first celebrated in 1970 with the Earth Day 20 Foundation, a nonprofit organization, rising out of the event; and

WHEREAS, many notable citizens including U.S. Senators, businessmen, and actors and actresses are now members of this ever-growing institution, which seeks to raise public awareness about the urgency of our planet's environmental problems due to man's neglect; and

WHEREAS, Illinois should strive to be a leader in this cause, its citizens working with the Earth Day 20 Foundation in contributing whatever resources possible;

THEREFORE, I, James R. Thompson, Governor of the State of Illinois, proclaim April 22, 1989, as EARTH DAY in Illinois, and I urge citizens to participate in every way to help save our world's environment.

Illinois Lumber And Material Dealers Days

WHEREAS, the civic bodies and service organizations of our community, as well as the departments of government, recognize the great service rendered to this state by the Illinois Jaycees; and

WHEREAS, The United States Jaycees, and its affiliated state and local organizations, have set aside the week of January 15-21, 1989, to observe the founding of the Jaycees 69 years ago; and

WHEREAS, this organization of young people has contributed materially to the betterment of Illinois through its participation and involvement in such programs as Individual Development and Community Service for the past year;

THEREFORE, I, James R. Thompson, Governor of the State of Illinois, proclaim January 15-21, 1989, as ILLINOIS JAYCEE WEEK and urge all citizens of our state to give full consideration to the past and future services of the Illinois Jaycees.

Issued January 19, 1989. Filed January 30, 1989.

WHEREAS, the lumber industry is vital in maintaining the growth and stability of our country and state; and

WHEREAS, the Illinois Lumber and Material Dealers Association (ILMDA) represents more than 500 retail lumber and building material dealers within the state; and

WHEREAS, the first official meeting of ILMDA was held in 1890 in Springfield, Illinois; and

WHEREAS, ILMDA will hold the 100th annual meeting of its members on February 22 of this year; and

WHEREAS, the association and its members have continued a long tradition of quality service to the citizens of Illinois by their active involvement in the housing and construction industry;

THEREFORE, I, James R. Thompson, Governor of the State of Illinois, proclaim February 20-22, 1989, as ILLINOIS LUMBER AND MATERIAL DEALERS DAYS, recognizing the 100th anniversary of this fine organization.

Issued January 19, 1989. Filed January 30, 1989.

Consumers Week

"C O N S U M E R ' S O P E N M A R K E T S"

CONSUMERS WEEK CELEBRATION IN CHICAGO & ILLINOIS

WHEREAS, citizens make daily decisions in an increasingly complex financial environment, making consumer information and education vital; and

WHEREAS, we live in the most prosperous nation in the world with an unequalled availability of goods and services, and an effective and efficient system of commerce depends on an informed and educated public; and

WHEREAS, through cooperation among consumers, business and government, we can provide educational opportunities to improve consumer skills and awareness;

THEREFORE, I, James R. Thompson, Governor of the State of Illinois, proclaim April 23-29, 1989, as CONSUMERS WEEK in Illinois, and I encourage the development of programs and information to make consumer and economic education readily available to all.

Issued January 20, 1989. Filed January 30, 1989.

PROCLAMATION
89-043
African-American History Month

WHEREAS, Kennedy-King College will recognize African-American History Month during the month of February; and

WHEREAS, Kennedy-King College has diligently sought to foster a better understanding to enrich the promise of the future and to provide a keener appreciation for the heritage and culture of African-Americans; and

WHEREAS, for more than 400 years and in every field of endeavor, Black Americans have contributed to America's progress; and

WHEREAS, whether organizing early explorations, establishing settlements, helping America fight for its freedoms, or making contributions to the arts, sciences and educations, African-Americans have played a significant role in our country's rise to a position of world leadership; and

WHEREAS, Kennedy-King College provides the catalyst for the myriad of events celebrating African-American History Month;

THEREFORE, I, James R. Thompson, Governor of the State of Illinois, proclaim February 1989 as AFRICAN-AMERICAN HISTORY MONTH in Illinois, in conjunction with the national observance, which underscores the nation's quest to fulfill the promise of full equality for all its citizens.

Issued January 24, 1989. Filed January 30, 1989.

PROCLAMATION

89-044

Lions Of Illinois Eye Bank Day

WHEREAS, Lions have for many years been preeminent in the ranks of those serving the blind and deaf free of charge through the voluntary efforts of Lions Club members; and

WHEREAS, there is a shortage of eye tissue available to meet the needs of those who, in an effort to have their sight restored, are awaiting corneal transplants; and

WHEREAS, Lions, in an effort to help meet the demand for eye tissue, have since 1976 spearheaded efforts in their communities to obtain eye donor pledges, currently surpassing an estimated 35,000 pledges; and

WHEREAS, Lions, in their continuing efforts to help meet the healthcare needs of Illinois residents, are dedicating their own Eye Bank--the Lions of Illinois Eye Bank--on Sunday, February 19, 1989. The Eye Bank will serve all Illinois citizens, irrespective of race, ethnic origin, sex or age, at no charge, on the sole basis of need;

THEREFORE, I, James R. Thompson, Governor of the State of Illinois, proclaim February 19, 1989, as LIONS OF ILLINOIS EYE BANK DAY and encourage all Illinoisans to support Lions and their services to the best of their ability.

The Sections Affected Index lists, by Title, each Section of a codified Part on which rulemaking activity has occurred in this volume of the Register and is divided into two parts: the first lists the Sections on which rulemaking activity occurred in the previous issues of this volume year; the second lists the Sections on which rulemaking activity occurred in this issue of the Register. (The headings at the top of each page indicate the two parts: the first part shows the previous issue numbers inclusively and the date of the last published issue; the second lists the current issue number and date.) The columns in both parts indicate the type of rulemaking activity and the action taken along with the page number on which the first page of the notice of rulemaking activity appeared. If a Section on which action is being taken in the current volume (calendar year) of the Register was proposed in a previous volume, the last two digits of the previous volume's year appear immediately after the page number separated by a slash. (e.g. 1 Ill. Adm. Code 100.280 was proposed last year and adopted this year. The action entry reads: (P-8577/86; A-724)) The codes for both columns are listed below. For a complete listing of the Titles of the *Illinois Administrative Code*, please refer to 1 Ill. Adm. Code 100.140 or contact the Administrative Code Division.
